Home Resident Instructions

Emergency Preparedness Annual Drill, Thursday, 4/20/2023

On April 20, 2023, our neighborhood will be conducting our annual neighborhood preparedness drill in conjunction with the Great Shakeout Day sponsored by the State of Utah. The purpose of the drill is to provide practice using the Window Card or Rapid Disaster Assessment Program (RDAP), as well as our reporting and neighborhood radio communications system. Please place a colored status window card in a window visible from the street in front of your home. The color will indicate your family and home status. Since this is a drill, we are not concerned with which color you use. Please have the cards in place by 9:00 am on April 20th as the area captains will be conducting their survey during the day. If no one will be home, please put the window card out before you leave in the morning. If you do not have the window card packet, please call or text [Edit Here]. Remember to always keep your packet in an easily accessible location, such as inside the coat closet, in case of a real emergency.
