

Iraq and Afghanistan

On october 1 and march 2003 The President george w bush and british Prime minister Anthony Charles Lynton Blair originally against saddam hussein .

This would impact the world by the u.s troops being stationed there and iraq and afghanistan kill all the terrorist cells in both country Also the staton lead to military spending and troop lives..This would be political because we didn't like how the were running there countries.WHich was why were are still over there as well a terrosi groups.
