# Crammy — Terms of Use

Last updated: 10 Oct 2026

These Terms of Use ("Terms") govern your use of the Crammy mobile app (the "App"), operated by Stefan Arnold ("we", "us"). By downloading or using the App, you agree to these Terms and to our Privacy Policy. If you do not agree, do not use the App.

These Terms apply in addition to Apple's Licensed Application End User License Agreement (EULA). If they conflict, these Terms apply to the extent permitted.

## 1. Eligibility

You must be at least 13 years old (or older where local law requires) to use the App. If you are under the age of majority where you live, you may only use the App with the permission of a parent or guardian.

## 2. Subscriptions and free trials

- Some features require a paid subscription. Prices and periods are shown in the App before purchase.
- Payment is charged to your Apple ID account when you confirm the purchase.
- Subscriptions renew automatically unless you turn off auto-renew at least 24 hours before the end of the current period. Your account will be charged for renewal within 24 hours before the end of the current period.
- You can manage or cancel subscriptions in your Apple ID account settings after purchase. Deleting the App does not cancel a subscription.
- If a free trial is offered, any unused part of the trial ends when you buy a subscription.
- Refunds are handled by Apple under Apple's policies. We cannot issue refunds directly.

## 3. Recording lectures — your responsibility

You are responsible for making sure you are allowed to record. Many schools and universities require permission from the lecturer, and in some countries everyone present must consent before a recording is made. Some institutions ban recording in class entirely.

Check the rules of your school, university or workplace, and the law where you are, before you record. We are not responsible for recordings made without the necessary permission.

## 4. Your content

You keep all rights to the recordings, documents, photos and notes you add to the App. You give us a limited license to store and process them, and to send them to our service providers, only to produce your transcripts, notes, flashcards, quizzes and chat answers, and to run the App for you.

You agree not to upload content you have no right to use, and not to use the App to infringe anyone's copyright. Textbooks, slides and other course materials are usually protected by copyright: you may use them in the App for your own study, but not to redistribute them or share generated copies publicly.

## 5. AI-generated study material

Transcripts, notes, flashcards, quizzes and chat answers are generated automatically by artificial intelligence. They can be incomplete, inaccurate or miss important points, especially with poor audio, accents, handwriting or technical subjects.

Always check your material against the original source before an exam. The App is a study aid, not a replacement for attending class, reading your course material or your own judgment. We do not guarantee any particular grade or exam result.

## 6. Academic honesty

Use the App in line with the rules of your school or university. Do not use it to cheat in exams, to submit AI-generated text as your own work where that is not allowed, or in any way your institution prohibits. You are responsible for following your institution's academic integrity rules.

## 7. Your account and conduct

You are responsible for your account and for what you do in the App. You agree not to:

- upload illegal, hateful or harmful content;
- upload content belonging to someone else without the right to do so;
- copy, reverse engineer or interfere with the App or its servers;
- resell or redistribute material generated by the App as your own product;
- use the App for anything illegal.

We may remove content or suspend accounts that break these rules.

## 8. Intellectual property

The App, its design, code, graphics and the Crammy name belong to us or our licensors. We give you a personal, non-exclusive, non-transferable license to use the App on Apple devices you own or control, under these Terms and Apple's EULA.

## 9. Disclaimers

The App is provided "as is" and "as available". To the extent permitted by law, we make no warranties that the App will be uninterrupted or error-free, that recordings will always be captured, or that generated material will be accurate or complete.

## 10. Limitation of liability

To the extent permitted by law, we are not liable for indirect, incidental, special or consequential damages, including lost recordings, lost notes, missed deadlines, exam results or lost profits. Our total liability for any claim related to the App is limited to the amount you paid us for the App in the 12 months before the claim. Nothing in these Terms limits liability that cannot be limited by law, or your rights as a consumer under the law of your country.

## 11. Termination

You can stop using the App and delete your account at any time. We may suspend or end your access if you break these Terms. Sections that by their nature should survive termination, such as disclaimers and limitation of liability, continue to apply.

## 12. Changes to these Terms

We may update these Terms. We will change the "Last updated" date and, for important changes, notify you in the App. If you keep using the App after changes take effect, you accept the updated Terms.

## 13. Governing law

These Terms are governed by the laws of [COUNTRY], without regard to conflict of law rules. If you are a consumer, you also keep the protection of the mandatory laws of the country where you live, and you may bring claims in your local courts.
