

How Can We Help Holy Family Earn EXTRA?

*A huge way we earn extra \$\$ from our families is through your used aluminum cans! Drop a trash bag of them in the small HFE trailer anytime, located across the street North of the church parking lot near the storage shed on the gravel lot! Coors sends the school refunds for these!

*Although HFE doesn't earn directly, we collect pull-tabs for Hays High DECA which benefits the Ronald McDonald houses across the country! Feel free to send baggies of them with your children to school in their backpacks or drop them by the office if you'd like!

*Have any old computers, cell phones, keyboards, computer mouse, speakers, web-cams? Feel free to bring them in for our I.T. director to reuse! He often finds a place to use them around our building!

*Have any used books, board/card games, outdoor toys, sports equipment, paper or art supplies in good condition that you'd like to get rid of? We always accept donations for the library, art room, preschool room & After School Care!

***HFE Bucks – the BEST kickback \$\$ for you AND the school!** It's so easy!! Buy gift cards at face value for businesses you already frequent, and earn \$ back toward your child's enrollment fees! This is ongoing and every school year! You can even pull the 'cards' up right on your cell phones while in line at stores or restaurants! Going on a vacation? Use HFE Bucks for your hotels, flights, gas, resort & everything in between! Visit our school website or ask Home & School how to get started with the MyScripWallet app on your phones TODAY! Home & School automatically signs all new parents up for an account, and they'll send home a flyer on how to use it with your child soon! Many of our local Hays vendors offer huge percentages back in your pocket! Taco Shop gives 30% back! Professor's gives 30%! Cerv's & Sake 2 Me Sushi give 20%! The Q, Taco Grande, Tiger Burger & Thirsty's, among many others, give 10% back! Other relatives can sign up to sponsor your child, so their gift cards kickback \$ to you, too!
