

Mission Statements

ELD Team

We work to elevate the needs and assets of emergent multilingual learners and their families while helping our students to understand and acquire social and academic English language to be successful socially, academically, and in their communities.

Literacy Team

Our mission is to create a safe and caring learning environment by making personal connections and by building a love of reading so that all students at Clarksburg ES are open to new learning and diverse perspectives.

Special Education Team

As members of the CES Special Education Team, we believe every child can thrive in an inclusive environment. Our mission is to provide personalized interventions that empower students academically, socially, and emotionally. We recognize and celebrate the unique abilities of every learner. We collaborate closely with general education teachers and paraeducators to create a learning environment that fosters self-advocacy and a sense of belonging. Drawing on our professional development, we create individualized education plans that utilize best practices to ensure academic and social growth and equip all students for meaningful contributions to society.
