

Dear WEVS 8th grade parents,

It is unbelievable that we are here already; high school is less than a semester away! We wanted to provide you with some resources to start the transition to high school.

Upon the conclusion of the academic year, I will provide you with a transcript of classes so that schools can schedule your student appropriately. I can, upon request, provide you with a list of the course codes indicating the classes in which your student is currently enrolled if your counselor requests it prior to the end of the year. This shouldn't be totally necessary because other schools cannot start scheduling students without enrolling them in that school first, and they cannot enroll them until they are released from WEVS.

First Flight High School

If you are headed to First Flight, [you should start the registration process immediately by starting an account through THIS PORTAL](#). You will be prompted to select your language, then select **Create Account**. You will then enter your information.

For information regarding curriculum, you may start [here](#).

Currituck County High School

[If you are headed to Currituck County High School, you should start the registration process through THIS PORTAL](#). You will be prompted to select your language, then select **Create Account**. You will then enter your information.

JP Knapp- If you are interested in JP Knapp, please click on the link for more information. **THE APPLICATION PERIOD ENDS March 4th**, so if this is your preference, you'll need to start the process immediately.

We have reached out to all of the aforementioned schools to provide you all with more specific information, and we will keep you advised as that information comes in; we will update this document with any information we receive. Please reach out with any questions.

Thanks,

Sylvia Wolff
