

Privacy Policy

Effective Date: [June 23, 2026]

This Privacy Policy applies to the **Terraquest MCQs** application (hereby referred to as "the App") for mobile devices, created by **Terraquest** (hereby referred to as "the Developer", "we", "us", or "our").

Data Collection and Use

We do not collect, store, or sell any of your personal data.

The App is designed to function locally on your device. We do not require you to create an account, nor do we request, track, or maintain any personal information, location data, or usage metrics.

Third-Party Services

While the App itself does not collect personal data, it is distributed through the Google Play Store, and your device runs on the Android operating system. These underlying platforms may collect certain technical information, such as crash reports or device identifiers, as part of their standard operations.

We do not have control over, nor do we actively access or store, the data collected by these native device or platform services. We recommend reviewing Google's privacy policies for more information on how they handle data at the operating system and app-store level:

- [Google Privacy Policy](#)
- [Google Play Services](#)

Children's Privacy

The App does not collect any personal information from anyone, including children under the age of 13. If you are a parent or guardian and you believe your child has provided us with personal information, please contact us. However, since no data is collected or stored by the App, there is no personal data to delete.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Effective Date" at the top. You are advised to review this Privacy Policy periodically for any changes.
