Vinícius Carrer Morandi

Full-Stack Developer

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

ABOUT ME

Full-Stack Developer with 4 years of experience in web and mobile applications, automations, and API integrations. Experienced in remote teams (Brazil/USA) with a strong focus on continuous delivery, clean code, testing (unit & E2E), and scalability. Skilled in both Frontend and Backend development, with experience in microservices architecture and REST integrations.

SKILLS

- **Frontend:** React, Next.js, Angular, Vue, Flutter, SCSS, SASS, TypeScript
- **Backend:** PHP, Laravel, Node.js, Deno, GoLang
- **Databases:** MySQL, PostgreSQL, Supabase, MongoDB
- **APIs & Architecture:** REST APIs, microservices, third-party integrations, process automation
- **Tools:** Git, GitLab, Azure DevOps, Notion, Figma
- **Methodologies:** Agile, Scrum, Kanban
- **Languages:** Portuguese (native), English (advanced/professional)

SELECTED PROFESSIONAL EXPERIENCE

Full-Stack Developer - Taxly

May 2025 - Present

- Optimized APIs, reducing perceived screen loading time by ~80%.
- Refactored dashboard to improve usability and user experience with a performance focus.
- Developed automation tools for certificate renewal, reducing manual work in financial processes.
- Full-stack responsibilities: coding, testing, documentation, and maintenance.

Software Development Specialist - Sagi.AI

May 2024 - Mar 2025

- Built AI-powered mobile app generator and website generator; integrated a virtual assistant into the platform.
- Implemented unit and E2E testing, increasing reliability and reducing regressions.
- Developed reusable components with strong focus on performance and accessibility.

Mid-Level Full-Stack Developer - OnlyControl

Apr 2023 - May 2024

- Developed invoice/proposal management system and engagement tools (raffles).
- Integrated Stripe (Plans / Checkout) and redesigned UI/UX for better conversion rates.
- Collaborated with U.S. partner (UncommonGood) on product development.

EDUCATION

Bachelor in Computer Science

Universidade de Caxias do Sul

Mar 2022 - in progress, currently on hold

Technical Degree in Web Development

IFRS - Campus Bento Gonçalves

Feb 2019 - Feb 2022

RECOMMENDATIONS

Available on LinkedIn (Márcio Bortolini dos Santos, Fábio Brand).
