

Accommodation

This list gives many suggestions from our wedding planner. As you'll see, for some hotels there is a discount agreed with them.

Our suggestion is to stay in Portofino or Santa Margherita (for more options). Rapallo is another option but located further from the action! When you RSVP (closer to the date) it would be helpful to specify your chosen hotel so we can arrange transportation.

Of course, Airbnb or other villa rentals are also an option in each town to accommodate larger families/group sizes - feel free to scope out all the options!

To receive discounts (if available) it is best to contact the hotel directly and specify:

Julia&Samir or Julia&Samir wedding

If you run into any issues using these codes to receive a discount, let me know and Sabrina, our wonderful wedding planner can help us resolve it!

Please, consider the distance from Portofino calculated without traffic.

Please, ask the hotel in advance if you need to reserve a parking space for your car.
