

VCES Ice Age: Cloning the Colossus

Amber-Rose Faith: Palaeontologist

Amber-rose is highly qualified with two Bachelor degrees majoring in Geology and Zoology from The University of Queensland. She is currently employed with the Queensland Museum in the SparkLab, Science Centre developing and facilitating STEM-based programs for school aged children. This ensures she is a very engaging presenter for this particular age group. Her area of palaeontology involves solving ancient forensic mysteries! Who doesn't like a mystery? Solve the mysteries of the mammoths found at this dig site.

Available Dates: May 19th or May 21st 2026

Suitability: Years 5-6 high-ability students
