Course content	The purpose of this course is to provide knowledge of oral interventions in German in the hospitality field. This course weighs 2 SKS and emphasizes the application of the German language according to its context. The theory provides the context of conversation at the hotel as well as Redemittel which is commonly used for hotel room reservations, welcoming guests in the lobby when check in, conversation in the hotel restaurant, booking tour program, rentals, up to the time of check out, including how to deal with guest complaints. The practice in the classroom is role-playing, while outside the class is the activity of

	visiting the hotel to observe the hotel from close as well as the practice of table manner. Through these courses, it is expected that students will have professional competence as their asset if they will work in hospitality. Evaluation is carried out through the Klassenprojekt in the form of an arrangement from the time the guest check in until the check out
