

玉苒廈之書沉思語錄
A Thought to Ponder from The Urantia Book
Evolutionary or Revelatory

“Religion can never become a scientific fact. Philosophy may, indeed, rest on a scientific basis, but religion will ever remain either evolutionary or revelatory, or a possible combination of both, as it is in the world today.”

[92:7.1](#)

進化性或啟示性

「宗教永遠無法成為科學事實。事實上，哲學能奠基於科學的基礎上，但宗教將永遠保持為進化性或啟示性的，或兩者的可能性結合，正如它今日在世界所表現的。」
