BOX 3 (Content after AI request submitted becomes "View Only")

e.g., Schizophrenia is a serious mental health condition that affects how people think, feel, and behave. It may result in a mix of hallucinations, delusions, and disorganized thinking and behavior. Hallucinations involve seeing things or hearing voices that aren't observed by others.

RESULTS FROM PROMPTS FOR AI SUPPORT

AI query results get populated here. Available to copy Results of choice. In the example, MISCONCEPTIONS:

**Misconception #1:
Schizophrenia means having a split personality**

- **Truth:** Schizophrenia is **not** the same as Dissociative Identity Disorder (previously called multiple personality disorder). People with schizophrenia do not have "split" personalities but may experience **disruptions in thinking and perception**, such as hallucinations and delusions.

MY ADDITIONS (SANDBOX)

Populated by existing content as in BOX 3, alongside, but available to edit (Directly, or copy-paste from AI results in the box above).
