

WHERE TO FINDE A JOB

Getting a job is one of the most stressful situations a man or a woman can go through. The main thing to remember about finding a job is to not let it stress you out.

A few things to help you find a job is this: Go through the local newspapers, go through all of the adds, circle the ones that interest you and then fax in your resume, or give them a call as soon as possible.

A few places to find a job are on the Internet, also known as the world wide web. Go on the world wide web and type in jobs in any major search engine, or the specific job that you are looking for, and you will come up with many results.

Remember to try and choose a job that you will enjoy.

When you are applying for a job in the paper there are a few simple guidelines to remember.

Keep your resume short and neat [четкий, ясный, точный], a one page resume is more than enough. Again, be confident, be confident that you can and will do the job.

Dress for Success. Yes, I know you have heard that before, but it is the truth. Dress nicely and appropriately for the job. Always smile. At the end of an interview, shake hands firmly.

When seeking for a job remember to follow your interests and do not limit yourself. The job search may take a while, sometimes a few months, if not more, but never stop until you find that career that suits you. Always be in control of your life.
