

MADISON MIDDLE SCHOOL - Culture of Achievement Program

Culture of Achievement Program (CAP) is an intervention to develop successful work habits and provide additional support for increased learning in academics.

At Madison Middle School, we believe that students who come to class prepared and complete assigned work obtain a better chance of reaching their potential than those who do not. The CAP program provides support for students as they transition into taking responsibility for their own learning in the middle school.

A student might enroll in the CAP program if he or she meets one or more of the following indicators:

- ☐ Missing several assignments
- ☐ Needing organizational assistance
- ☐ Needing more time to master complex concepts being taught

The program will be offered from 2:45 p.m. - 4:20 p.m. Monday through Thursday. Please choose two or more sessions below that work best for your family:

The CAP program will begin on Tuesday, September 8th. **Bus transportation is available for those who need assistance with transportation home.** Students in the CAP program must exhibit good attendance, a willingness to work, and a positive attitude. Failure to do so will result in being removed from the program to make room for other students. Students in CAP should spend their time working on homework, it is not for socializing or playing games. If a student is asked to leave CAP for failure to comply, they will need to call home to be picked up and will be unable to return to CAP until approved by the MS office.
