

## Special Education

### Requests:

1. Transition ideas
2. Social Emotional Learning life skills-what do do after high school to be successful in life.
3. Can we add "use of AI" as an accommodation or support for students? I'd like to know if that is legally compliant from the perspective of DPI.

### Concerns:

1. Changing classroom teacher perception to view AI as a tool rather than "cheating" especially for students with disabilities.
2. crAlyon contains ads for some teachers
- 3.
