Manor Care, Isi donating at Blood drive

## FALL IS HERE!

September has come and gone and with that means the annual fall blood drive! Purple Key has been blood drive central here at campus with tabeling and working the drive. Our amazing coordinators, Mollie and Kelsie, were able to make it happen even in these times of COVID-19 as well as getting a third donation day! Our service chair, Kara, has been working hard to make sure that we have other service opportunities as well! These service opportunities have included making fall decorations for Manor Care, food packaging at the YMCA, helping out at Take Root, and soon we have the opportunity to help with The Clothes Closet. We have loved having the opportunities continue in this crazy time so that we can serve the Kirksville community! Our amazing social chair, Jess, has also been creative finding dierent ways to build community. We go on speed dating walks around campus, have Saturday morning breakfast picnics on the quad, and are starting a game of assassin! We are still enjoying in-person meetings thanks to the BSU which have been a huge highlight this semester!

## Position Spotlights

Madison Walker Morgan Eby President Vice President **Madison** is a senior biochemistry major and her favorite thing about being president of CK is her planning meetings with Ebs. They trade o cooking for each other on the weekends and plan the meeting. Then, at meeting, they get to enjoy watching it all come together. She also has enjoyed watching the new members fall in love with Cardinal Key like she has.

**Morgan** is a senior accounting major and the thing she loves most about her position is getting to craft the Monday emails. She loves to express her silliness and (hopefully) make the other CKs smile on their Monday!

## ALUMNI SPOTLIGHT

What was your favorite CK memory?

**Madeline Hamilton, Class of 2018**

"Wow, so hard to pick just one! CK retreat is a memory I cherish so much! I loved seeing everyone come together for an entire evening, putting down our phones, sharing a meal (and lots of snacks!) together, playing games like we were kids, and getting to hear incredible stories from our CK sisters. Also CK loves and the fact that everyone is so intentional with their time and makes you feel so loved."

**Ama Idun, Class of 2018**

"Sisterhood-wise, it'd be LIP SYNC 2017. I never imagined I'd sign up for such a fun & ridiculous activity but glad I did. With service, visiting White Rose Farm was wholesome & refreshing. Also loved the way Uno nights jolted me out of the Truman bubble."

**Danae Flint, Class of 2019**  
"Most definitely lip sync 2018."

**Leah Wollmering, Class of 2018**

"Some of my favorite memories were CK retreats. They were always the BEST. I remember having the most fun, being silly, and deepening new friendships there."
