2025-26 ELA

Gotham Collaborative High School (GCHS) is looking for an **English Language Arts Teacher for Fall 2025**. Our English teachers use curriculums provided by Fishtank Learning and original materials in order to make learning experiences creative and academically rigorous, as well as to encourage our students to build connections and think critically. You will be co-teaching in an ICT (Integrated Co-Teaching) setting with one or two other co-teachers, lesson planning together by sharing content material and learning about ways to scaffold lessons as needed. Candidates should be interested in serving our population that has been traditionally underserved socially, politically, and economically and for this reason the candidate should also be open to collaborating with different educators to serve our students the best way possible. We also look for candidates who are comfortable receiving non-evaluative feedback from coaches and peers and have interest in eventually serving as a teacher leader at our school in capacities that align with their personal goals and our school goals.

About our School: We are located at 1980 Lafayette Ave. Bronx NY 10473. Gotham Collaborative High School is a high-needs school located in the South Bronx. Our student body is composed of about 30% students with special needs, 35% students who are English as a New Language learners, and most come from Hispanic and Black backgrounds. Our school is focused on creating unique opportunities for our students through our Internship, Monroe College Partnership, and other programs. This allows our students to get real-world experience and explore career interests during their 11th and 12th grade years. and if they are part of the college program they can earn a 2-year Associate's Degree by the time they graduate from our High School!

About our Staff: On the staffing side, our school is run by teacher-led teams. We have distributed leadership here that increases opportunities for teachers to really get involved in what our school here looks like. As some added bonuses, we are a "Teachers of Tomorrow" school — meaning new teachers can earn up to an additional \$3,400 each year they work here for up to 4 years, and we are a part of The Bronx Plan, which also adds an additional salary incentive for those working in hard-to-staff positions. To be part of each of these programs we needed to be recognized by both the Department and the Union as a high functioning, highly collaborative school. While our data may not look exceptional, it consistently outperforms our projected targets every year.

PROSE: GCHS is a PROSE school. As a PROSE school, we can work outside of the contract to better support our kids. We have Steering Committees that help decide things such as our PDs, our celebrations, and pretty much any decision a school needs to make. These committees are led by teacher leaders with the help of leadership.

Added bonus: Our school has a parking lot!

If you're interested, please email a resume and cover letter to careers@gchs.nyc.

2025-26 SpEd

Gotham Collaborative High School (GCHS) is looking for a **Special Education Teacher for Fall 2025**. In this position, the Special Education teacher will be co-teaching in an ICT (Integrated Co-Teaching) setting with one or two other co-teachers, lesson planning together by reviewing content material and implementing a variety of differentiation strategies. The teacher must ensure that IEP services are provided and management needs are met. We are looking for candidates familiar with providing IEP services and comfortable taking initiative and collaborating with teams to come up with intervention strategies as needed for students. Candidates who have experience with IEP writing, leading IEP meetings, and navigating SESIS are preferred.
