

Scarlet

Weapon: Single barrel shotgun

- Olive skin
- If long hair, tied tightly behind her in a ponytail or braid
- If short hair, bangs cut out of her face
- Tries to look mature but is clearly very young
- Doesn't smile much

Vane: I imagine she would have olive skin due to hunting so often. She could have long hair but in a braid or ponytail because of her hunting or short hair and bangs out of her face.

Priest Charles

Money: Unlimited apparently

- Pale white skin
- Long hair, can either be loose over his shoulders or a loose ponytail, shows his lack of work ethic
- Looks and acts wise
- Smiles in a comforting way

Vane: I think it would be better if he had more of a welcoming energy compared to Hunter Marian. I want the player to be more comfortable with the church at first compared to Marian as the church has a firm belief in what they're doing. I imagine his skin would be pretty pale since he doesn't go outside. He has no need to do so because he's rich. It represents the comfort he lives in and the lack of work he does because of that. I'd imagine his hair to be long and loose because he can afford to take care of it. He doesn't do a lot of work around the Church so there wouldn't be a reason to have a tight ponytail or braid.

Hunter Marian

Weapon: Double barrel shotgun

- Tan skin
- Short hair from his ear or to his neck
- If to his neck then he keeps it in a tight ponytail for hunting. He does not allow any hair covering his eyes
- Doesn't smile
- He has dry humor

Vane: I'd imagine he'd have tan skin and a lot of scars on his body. His face is clearly rough and he has a cut ear. Not enough that he can't hear but the tip of it is cut like 30% if that makes sense? I'll probably find an image or draw it. I imagine he has his hair really short or up to his neck. If he keeps his hair to his neck then he keeps it really tight so it doesn't get in the way while hunting. I'd imagine he has facial hair but it isn't really neat or taken cared of, similar to the hair on his head.
