

DiceDash – Privacy Policy

Last updated: 24 June 2025

DiceDash is an offline board game companion app. It runs entirely on your iPhone or iPad and does not connect to any server. We take your privacy seriously:

No data collection – We do not collect, store, or transmit any personal data, analytics, or advertising identifiers.

No servers – All interactions and calculations are local and happen only on your device.

Security by design – When you close or delete the app, your input is erased. Nothing is saved to permanent storage.

Contact – Questions or concerns? Email simpleuseapps@gmail.com
