

DOLPHIN DISTANCE LEARNING SCHEDULE , DEFINITIONS & FAQ

Welcome to the 2020-21 School Year! Here are all of the things you need to know about our Waggoner distance learning schedule!

First, our schedule is designed so that TK-2 the LIVE and offline times MOSTLY match- allowing you to have students at any grade online or offline at similar times. TK and K have the same lunch time, and 1st and 2nd have lunch “together” also. We hope this helps families and childcare professionals support students in all grades.

Also, we are excited to announce that the first eight days of school at Waggoner will be a Dolphin Distance Learning Boot Camp! This will be a modified schedule to provide time for us to meet with all families individually, for everyone to get to know each other, to teach routines and procedures, and to take the time needed to teach the technology skills needed to be successful as Winter’s youngest learners! We hope this start will set all of our Dolphins up for success and allow families to learn along with students. More information is coming soon!

- ★ Morning Announcements: This will be a special pre-recorded message from your student’s teacher sharing the agenda for the day and any special announcements you need!
- ★ Circle Time or Class Meeting: This is a time for the whole class to log on to a live Zoom together, to take attendance, check in and see how everyone is doing, answer any questions, and connect as a classroom community.
- ★ **VIDEOS**- Videos will be pre-recorded so your family can watch before the lesson, and even stop and review! It also means families can watch the teaching at any time, even later in the day or in the evening. Some videos may be read alouds or other instructional videos. Most teaching videos will be 10-15 minutes long at the most.
- ★ **LIVE**- Any time that is marked **LIVE** is when students will log in to a Zoom to connect with the teacher and classmates live. Teachers can answer questions during this time, and they may pull small groups during this time. Students may not need to stay the whole time if they finish the work and can log off to continue independently. If there is no LIVE time noted, that activity will be off line, or even paper/pencil.
- ★ Wednesdays and WIN Time! WIN stands for ***What I Need Time!*** This is new at Waggoner this year-- Wednesdays feature only the morning LIVE check in, and then time for students and families to get “what you need” in the different parts of the day with lots of planned independent work time, and may include enrichment as well. Teachers may assess student learning during WIN Time, or provide additional 1:1 support to students and families. There is also time to work on IXL, an online program that will individualize instruction to meet your child’s needs. IXL is offered for all students in reading and math, and our DBE students will have access to Spanish also.
- ★ Phonics / Intervention / Differentiation Block: This is a specific time in grades K-2 when all students get specific instruction at their level in reading (letters, sounds, reading, comprehension, etc) in a grade level wide small group format. Teaching is based on student needs to challenge or provide support as needed. This helps everyone grow!
- ★ Fit Friday! If you are new to Waggoner, we usually meet as a whole school on Fridays to walk, say our pledges, recognize students, sing, and dance! We will continue this virtually this year each Friday morning!
