

1. Avatar:

Rino Santo, 31, has a 5yo daughter but got divorced from his wife. Has been a video editor for 1.5 years. Looks for something to upgrade his current films, something that will make them eye-catching, intriguing and look professional.

2. Current state:

- Lack of creativity: After working on numerous projects, video editor may struggle to come up with new and innovative ideas for their films. This can make their work feel stagnant and uninteresting.
- Limited resources: Some video editors may not have access to the latest editing software or equipment, which can limit their ability to create high-quality films.
- Lack of recognition: Despite putting in a lot of hard work and effort, video editors may not receive the recognition they deserve for their work, which can be demotivating.

3. Dream state:

- create films that are visually stunning, emotionally engaging, and tell a compelling story. They may also desire to have a unique style and voice that sets them apart from other filmmakers.
- When this person reaches their dream state, they will likely feel a sense of pride, accomplishment, and fulfillment knowing that their hard work and dedication have paid off. They will feel confident in their abilities as a filmmaker and will have a strong sense of purpose in their work.
- Others will perceive this person as a skilled and talented filmmaker who is able to create visually stunning and emotionally impactful films. They may be sought after by clients and collaborators who value their unique style and ability to tell a compelling story. Ultimately, reaching their dream state will allow them to establish themselves as a respected and sought-after filmmaker within their industry.

4. Roadblocks:

- In terms of what the person may have tried before, they may have experimented with different camera angles, lighting techniques, or editing styles. They may have also taken courses or workshops to improve their skills. However, these efforts may not have been sufficient to overcome the challenges they face.

5. Solution: 700+ movie effects pack

- This pack will speed up everything about the editing process and make things seamless. With the Drag + Drop idea designed from scratch with creativity in mind, this pack is sure to be something that you'll use forever
