

2022-2023 Test Prep and Tutoring Information

Mason High School does not endorse any specific commercial test preparation agency. We believe the best test preparation is accomplished by taking rigorous courses and utilizing existing test preparation materials furnished by ACT and SAT. Practice tests are available in the Academic Advising office.

In our efforts to offer additional resources to students and parents, we have published information on several companies that specialize in test preparation and tutoring.

ACT (website)

- <http://www.actstudent.org/testprep>
