

Elementary Restructuring to be Explored

By Lance Ridgely, Superintendent, West Central Valley

The West Central Valley Schools will be evaluating the current structure of grades K-5. Currently, the district has 2 elementary buildings, one in Stuart and one in Dexter and both host all grades K - 5. The Elementary Restructuring Study Committee will meet 4 times over the course of the next two months to determine how we can best serve our elementary students. This committee will have representation from parents, staff, administrators and the West Central Valley School Board.

After the group has had the opportunity to discuss the different options the committee will be sharing its findings with the public. This will occur through public meetings held at the two elementary buildings for the WCV Schools. The public meetings are scheduled for the week of January 7th, but times and specific locations have not been determined at this time. For the most current information regarding these efforts visit the WCV web page (www.wcv.k12.ia.us) and find the [Elementary Restructuring Link](#).
