

New York

Hey [insert boss' name],

I'm interested in attending **Generative AI Summit New York** on **June 5** and would like to inquire if you'd be able to offer financial support for me to do so.

AI Accelerator Institute's event is dedicated to supporting builders and executives through their business journey with the strategies & engineering use-cases needed to impact our market.

This is not your typical event. AIAI is highly protective of its audience, and rather than seeking to bring together 1000s of folks from across the field, this is a highly focused assembly of industry engineers & their technical leadership - no students, no giant trade show feel.

Between the content presented over the day of keynotes, workshops & networking sessions, I plan to strengthen my skills in [X], [Y], [Z], and from the research I've done into the upcoming event, I think it will help with these goals of my current role at [company's name]:

- **Goal #1:**
- **Goal #2:**
- **Goal #3:**

Ran by **Hugging Face**, **Google Deepmind**, **LinkedIn**, and more, sessions will cover topics such as:

- *What it's going to take to deploy trustworthy AI applications at scale*
- *Building faster, more efficient agents: Accelerating adoption across the enterprise*
- *Highly regulated environments - optimizing generative AI systems & strategy in compliance-critical industries*

Lots of respected leaders within the field are talking about it and this is what one had to say about last year's event:

"It's really awesome to see & meet so many builders, cool companies, researchers - everyone pushing the field forward technically." - CEO & Co-Founder, **Synthesia**

I believe **Generative AI Summit New York** would equip [company name] with the quintessential knowledge to differentiate our services from our competitors. As well as this, I'll be sure to submit a post-event report including an executive summary, major takeaways, tips, and pictures from the event.

I'd be delighted to discuss this opportunity with you in further detail. Let me know if there's anything else you need from me at this stage.

Thanks,

[Your name]
