Pilot

- PILOT is a loose acronym for peer-led-team learning.
- In the PILOT program, students are organized into study teams of six to 10 members who meet weekly to work problems together.
- A trained student leader acts as captain and facilitates the meetings.
- PILOT aims to help students make a smooth transition to college life both academically and socially.
- PILOT aims to actively teach and demonstrate how collaborative learning uses contributions from individuals to benefit a group.
- Registration for the Fall 2020 semester will open to all students on Monday, August 31st at 9:00pm EST with the exception of math courses.
- All math courses (see below) will register August 10-14, 2020 because PILOT will be a required part of the class.
- All members meet twice per week for 1.5-2 hours weekly as a group with their team leader.
- You are expected to attend every session
