

Privacy Policy for Three D

Effective Date: June 1, 2026

Brand Entity: Three D

Contact Email: dankhaligeikissl802@gmail.com

1. Introduction

This Privacy Policy applies to all applications, games and online services operated by Three D. This policy clearly explains how we collect, use, store, protect and disclose user personal information. By accessing and using our services, users fully acknowledge and agree to the terms of this Privacy Policy. This document complies with Google Play Developer Policies and applicable global data protection laws.

2. Information We Collect

We strictly follow the data minimization principle and only collect limited, necessary data to ensure normal service operation and user experience optimization. The collected information includes the following two categories:

- User Active Information: Basic information you voluntarily provide, including in-app nicknames, feedback content, consultation messages and contact information when you reach out for customer support.
- Automatically Collected Information: Anonymous technical data collected during service use, including device information, system version, application running logs, crash records and operation behavior data, used for performance optimization and fault troubleshooting.

3. Purpose of Data Usage

All collected user data is only used for legitimate and explicit service purposes. We will not process or use your personal information beyond the stated scope without your authorization:

1. Maintain, operate and update our core application and service functions
2. Fix program bugs, resolve crashes and optimize overall service performance
3. Respond to user feedback, inquiries and provide timely customer support
4. Prevent abnormal access and risky behaviors to ensure platform and user security
5. Comply with legal regulations and Google Play platform compliance requirements

4. Data Sharing and Disclosure

Three D does not sell, rent or trade any user personal data for commercial purposes. We only share necessary technical data with trusted third-party service providers (including Google official SDK, data statistics and operation tools) to support service operation. All cooperative parties sign strict confidentiality agreements to guarantee data security. User data will only be disclosed when required by laws, judicial procedures or official regulatory orders.

5. Data Security and Retention

We adopt industry-standard encryption technology and internal access control mechanisms to protect user data from unauthorized access, tampering, leakage and loss. We only retain user data for the period required to complete service purposes and meet legal retention obligations. Once the data is no longer needed, we will perform secure deletion or permanent anonymization.

6. User Privacy Rights

You have the right to view, correct, delete your personal data and withdraw data processing consent at any time. To exercise your privacy rights, please submit your request via our official contact email: dankhaligeikissl802@gmail.com. We will verify your identity and respond to your valid requests within a reasonable legal period.

7. Google Platform Compliance

Our services integrate Google Play and Google API related technical services. All data processing activities strictly abide by the Google API Services User Data Policy and Google Play privacy rules. We only use authorized data within the platform's permitted scope and will not conduct any unauthorized data transmission or misuse.

8. Minors Protection

Our services are oriented to users aged 13 and above. We do not actively collect personal information of minors under 13. If we accidentally obtain minor user data during operation, we will delete it immediately. Legal guardians can contact us via email to inquire or process minor-related data information.

9. Policy Updates

We reserve the right to update and revise this Privacy Policy to adapt to service upgrades, platform rule adjustments and legal changes. The latest policy version will be published with an updated effective date. Continued use of our services after policy updates constitutes acceptance of the new terms.

10. Contact Information

If you have any questions, doubts or suggestions regarding this Privacy Policy and our data processing practices, please contact us at: dankhaligeikissl802@gmail.com
