

Starrisicia Moonshine Wilver Aphrodite Aqua Shimmering Jasminia Yellowgreenstar is the half-elf half-orc half-pony half-human half-hobbit beautiful girl that everybody except Legolas hates and eventually she gets everyone to love her and she marries the beautiful Legolas and they get married.

They have a lot of beautiful kids who are just as beautiful as her except not and she has a beautiful, perfect, slender, small cute button nose.

She has milky white, pale, silky, soft, amazing skin that never ever gets a blemish which is why her beautiful, penetrating, searching sea sapphire blue ocean orbs that switch into fiery crimson and beautiful soft forest evergreen depending on her mood stand out against her shimmering, silky, beautiful, perfect, thick, luscious raven black hair that goes down to the soles of her feet but never gets dirty because that would be icky!

Her beautiful, full crimson red lips are just perfect for kissing Legolas and her black Hot Topic t-shirt is low-cut yet modest and is like a tube top with sleeves but isn't immodest at all. \

Her forest evergreen short shorts don't leave much to the imagination but is still modest and her beautifully raven black shiny glamorous heels clack beautifully against any surface and never ever gets smudged or not shiny or greasy or damaged in any way, and she can run faster than any human being!

She eats a lot and never ever gets fat, thus maintaining her perfect hourglass body to a point where it's so perfect it's hard to look at.

She has a cute animal friend that's half-sea monster and half-balrog that protects her no matter what and is never seen without Starrisicia's beautiful raven black as night but radiates light katana with a sacred prophecy forged on it that says she is determined to help destroy the One Ring.
