President's Report

The year 2020 will probably go down in world history books as one of the worst/strangest, but even though we didn't have the season we wanted, I for one had a blast this year.

We were all ready to go at the start of the year when restrictions hit, and the season had to be postponed. Before that we had managed to get together for New Players Night, and our Annual Pub Crawl. We had a lot of new players attend both nights, but unfortunately, some of those had to go back home overseas when borders started to close.

During the postponement, we sadly weren't able to get together as a club, but when we picked up later in the year, I feel that we came back strong. Although we did lose some players for the shorter season this year, we had a lot of new players that had signed up at the beginning of the year stick it out and complete the season.

We did drop down to 4 Women's teams and 4 Men's teams due to a lack of numbers in some areas, and I hope that getting back to a regular season in 2021 will see the return of 5 teams in both men's and women's.

One thing that we wanted to get off the ground this year was a Juniors Club, and although a lot of the groundwork was laid, again with COVID we weren't able to follow through. A massive thanks to those who put in their time and effort for this, especially Flick, Dylan, and Jimmy. I hope that this is one of the things that we can return to next year, and progress with.

We also had our first Masters Team this year in the Sydney Cup, and it was great to see some familiar faces return to the club in this capacity, along with some players playing both Masters and the normal season. Thank you to Toots for heading this up.

A huge congratulations is in order for our 1st Grade Women in ML2, winning both the Minor and Major Premiership, and hopefully paving the way to move up a grade next year. This team worked very well together, played some amazing hockey, and came away with a well-deserved win. Thank you Sal for coaching these amazing women, and we can only build on their success.

Our 1st Grade men also made it into the Semi Finals, unfortunately coming away with a loss, but they definitely hit their stride in the latter part of the season, and ended up coming 5th in PL2. The 2nd Grade men had an up and down season, and finished in 9th, 3rd Grade Men finished 5th, and 4th Grade Men finished in 6th. For the most part, I don't think the end results reflected some of the talent that we had out on the field.

For our Women's side, 2nd Grade Women finished in 9th, 3rd Grade Women in 10th, and 4th Grade Women in 6th. We had a lot of new players in our Women's side, and a lot of teams that

hadn't played together before, so it did take some time in the season for the teams to gel, and so our end results weren't where we wanted them to be.

I want to thank all the coaches this year, you did an amazing job with a short season, and your continued support of your players means a lot.

Due to COVID we weren't able to hold our usual fundraising activities, including supporting the McGrath Foundation and Beyond Blue, which is rather unfortunate, but this year, this could not be helped. Next year, restrictions allowing, I hope to bring these mainstays back.

I want to thank all of the players that returned this year, the new players that stayed with us, and the players that are returning next season. I hope to see you all soon.

Finally, I want to thank my Exec. You guys have really helped me come into my own this year. I feel like I've spent most of my time in the club as "Prinny's sister", but this year has made me come into my own a little more, and be more confident in my decisions. I couldn't have achieved anything this year without all of you, and I want you to know that you have my heartfelt gratitude for all of your guidance, your support, and your friendship.

Thanks,

Zoe

Secretary's Report

This was a year of stops and starts, with Covid impacting a lot of what we were trying to achieve, notably with a reduction in player numbers hampering our recent growth, no progress on getting a juniors side up and running (despite all the hard work that was done by the juniors committee) and the postponement and (at this stage) cancellation of all our 50th year celebrations we had planned.

Due to the stops and starts, there was a lot of work for the committee this year - two preseasons, consolidation and confirmation of teams and playing numbers, much organisation and reorganisation attempting to put on this year's presentation etc. Despite this, the executive and committee remained positive and has led the club through a challenging year in a fantastic way. I especially want to thank the new executive members – Zoe, Flick and Liam – for their efforts during the year, as well as Todd, whose steady hand on the tiller has enabled us to remain on the right course financially, despite some challenges.

There have been some positives on the Secretarial side of the club with new and improved match card systems cutting down on weekly administration time and the use of other technologies to help keep our members engaged. Moving forward, the University is implementing a new system for our members to pay fees (which will hopefully finally make the process a smooth one) and our historical club records have been much updated thanks to Ian Jessup and Ellie Evans.

Jack Dean

Treasurer's Report

Financial Summary

What has been a challenging year for the club, financially we were well prepared. The club budget was revised due to the shortened season and reduced memberships and sponsorship. Fortunately, we were able to reduce club registration costs proportionally and maintain our target to breakeven at season end. The biggest challenge faced this year were the technical difficulties with university website point of sales and reconciliation delays. These issues were resolved, however not a great member experience, with appropriate feedback raised. Cash balance fell for the first time in four years due to our current uniform inventory, currently valued at $8,450

The club remains in a very strong financial position with a positive economic outlook. Restructuring our spending policies and tightening our spending patterns have allowed the club to close in a neutral position. The club is well positioned to grow in the coming seasons.

Significant Changes to financial position/policies

- Continued financial support from University for turf hire
- Association, turf and umpiring costs in line with forecast and budgeted appropriately
- All social events run at break even and self-funded, including presentation night
- Introduction of sponsorship program, encouraging and rewarding players to bring in new
- sponsors
- Fees budgeted to breakeven

Cash Balance Overview

2020 Opening Balance $82,050
Income $46,227
Expenses $55,596

2020 Closing Balance $72,681

- - 2018 closing balance: $77,300
- - 2019 closing balance: $82,050
- - 2020 closing balance: $72,681
- - Forecast 2021 balance: $81,581

Budget Outlook

Current fee structure should allow the club to sustain for the coming years, subject to unforeseen costs. At this stage 2021 fees will revert back to 2019 rates dependent on membership numbers, University funding and financial support from our sponsors.

Investing for the Future

Potential for current cash balance to be utilised in coming seasons to encourage growth and expansion. The club will continue investigations and discussions around the possibility to secure new turf facilities. A drive to invest in the future, incorporating additional investments for coaches, junior affiliations and player development. The club will also look to upgrade website and e-commerce facilities.

Note, due to early AGM Profit and Loss will be supplied post Presentation evening.

Women First Grade (ML2)

Coach: Sally Schmidt

Team retained all but 2 players from season besides Goal Keeper (due to pregnancy) and 1 field player due to finances and work commitments.

2 new players moved into the team.

Team had a great season, the building of the team from last year was evident and the girls went through undefeated.

Only Draw that they had was round 2 against Sydney Uni which was a rained out game and only 1 quarter was played.

Minor and Major premiership.

Training numbers were always good and was open to other players from other divisions to come and train but rarely taken up by many

Moving forward I would like us to nominate to move up to Met 1 for next year. Have spoken to SWHL committee members and they said it is up for discussion, and we have to put all reasoning as to why we think we should have the opportunity to go up not just because we won.

For example
5 x 2021 AAP squad member
1 x 2021 U21s squad member
Built the team for the last 2 years
Undefeated etc.

Women Second Grade (ML4)

Coach: Kieran Nicoll

It was an interesting year to play hockey to say the least, with a shortened season and many restrictions, it was a tough year for the second-grade team. We had a few players dropping out and some new ones coming in, so it took the girls a little while to find their groove. The team consisted of many skilful players, some of whom had never played women's hockey before, or never played as high a grade as ML4.

The season started off with a few narrow losses, but it wasn't long before the girls were able to find their structure and work well with each other. With limited subs and lots of position shuffling, we were fortunate to pick up a few extra players early in the season.

Midway through the season, the girls were eager to be playing and it showed. We had everyone showing up to trainings, despite me asking them to run every week, and they were working hard to improve. When it came to the games, their hard work was reflected in the way they moved the ball up the field and worked as a unit. I received so much positive feedback on the way the girls were playing, and how much they were improving. Unfortunately, we just couldn't get the result.

The last few games were the best I had seen them play. The girls would show up with positive mindsets, which was reflected through their game. Our hockey continued to improve, but going into the last game, we were still without a win.

My proudest moment was seeing the excitement of the girls as they came off the field from our 1-0 win. To us, it felt like we'd won the grand final. All the hard work put in over the year, felt like it had finally paid off.

The girls were a joy to coach, I thoroughly enjoyed working with each and every one of them to improve their game. There was never a dull moment coaching the team and I hope to see them all return next year.

Women Third Grade (ML5)

Coach: Krista Jenkins

The 3rd grade women was an entirely different team this year, with many of last year's members getting promoted to 2nd grade. The 3rd grade ladies didn't shy away from the challenge and this gave many players the opportunity to try different positions and to learn new skills and workflows. With a squad composed of a few returning players, some promoted 4th grade players and some club newbies, this really drove the energy and enthusiasm at training, the girls taking on any challenge that I threw their way.

Although not necessarily reflected on the scoreboard, this group of incredibly hard-working women put up a strong battle every single game, never quitting on each other and improved throughout the season. Elise Crowley often receiving the player votes, after making some great saves, enduring some very long and aggressive attacking periods. Another strong defensive performer throughout the season was Anna Pickles, who would somehow breakout of the crowded defensive circle, showing great control and confidence turning the play into an attacking phase.

The 3rd grade women never gave up this season, they turned up every week for each other and played some sexy Magut hockey. It was great to watch them enjoying training and using newly acquired skills during games, it's set a high standard for their team moving forward.

Women Fourth Grade (NWS Women Div C)

Coach: James Nugent

What an absolutely bizarre season. 4th grade went from having a strong core playing group keen to capitalise on some good momentum from last year, to a group of fresh faces (both to the club and the sport), with some of 5th grade thrown into the mix as well. Between the new faces, covid restrictions and moving into a new grade, this year was going to be a challenge.

Early in the season there was some concerns as we started our first game with only 9 players on the field. However, not a single player complained about not getting a rest and they all busted their guts and showed a lot of character in those early games. Luckily some late additions to the team meant we had a 16 player squad

As the season progressed they never let covid get them down, and each of them were keen to improve, which led to some excellent (read: un-macquarie like) turnouts at training. Throughout the middle of the season the team started to gel and we saw patches of some excellent hockey. While this didn't translate to positive results on the score board the improvement was there and the team seemed to be enjoying themselves as the group chat seemed to be constantly going off during the week (mostly thanks to some terrible selfies from Anna Smith).

As the season drew to a close it was clear that we were not going to make the finals, but the team still dug in deep and gave their all in each game, including giving the minor premiers a run for their money in the final game. The attitude and character the girls showed throughout the season made it incredibly easy to coach. Each of them turned up willing to learn and put in their all and because of that I think all of them came away playing some better hockey. And if they didn't, they definitely came away with some good laughs.

Men First Grade (PL2)

This was my first year coaching the 1st grade men's side and what a crazy year it was. The season began back in February with preseason training and just as the we were getting ready to kick off the season Covid hit and we were delayed.

Once we could start training again, we ripped in and began working on the structures and playing style that we wanted to play with.

The reworked draw worked in our favor early in the season as we began with nice matchups that allowed us to build into the season. Starting with 2 wins, our first real test would come against Sutherland at Pennant Hills. After a courageous defensive display anchored as always by stellar goalkeeping by Eamon allowed us to win 1-0 and we started to get some belief through the squad of what we were capable of in 2020.

Unfortunately we were sent back to earth the following week with a tough loss to Sydney Uni – With Biebs deciding to use his face to stop the ball and Patrick deciding to injure his knee, we would be light on for numbers for the remainder of the year.

We bounced back against South East Sydney and the headed into a crucial clash with NWS-BH knowing that a positive result would help us greatly over tough run home. Unfortunately, after playing our best hockey all year to lead 2 nil, Heebs decided to lift a ball for the first shot on goal and we self-destructed to lose 3-2.

We scrapped a win against Glebe and then got taught a valuable lesson from Ryde on what happens if you do not show up against a quality side.

Following the Ryde loss and some reflections from the group we moved into the last two games knowing we needed a win to sneak into the semis. We came really close against a quality Moorebank side and rode that confidence into a do or die clash against UNSW.

A back and forth game would ensue and after pulling our goalie in the last minute we came away with one of the greatest wins I have been a part of. We had showed against a quality side that if played our best hockey and believed in ourselves we could do some damage in the finals. The finals would see us get a chance to get redemption against Ryde. I knew we were a better side then we had showed them last time and I knew they would be overconfident.

On a very hot day at Lidcombe with a great supporter turnout we played some incredible hockey to take it to them. We played with great spirit and executed our game plan to take a 1-0 lead into the last quarter. Unfortunately, Ryde had a little more fitness and took their opportunities to eventually win 2-1, but I could not fault our performance. It was an incredible turnaround in 3 weeks and came from being honest with each other and putting in the work.

Overall, our season ended disappointingly but the improvement over some trying conditions through the year made it an exceptionally good year and I firmly believe we are poised to take the next step in 2021.

Thanks to everyone who filled in for us. And a massive thankyou to the boys for your hard work, commitment and for most importantly making my 1st year an enjoyable experience. See you all for preseason soon.

Men Second Grade (PL3)

Second grade men played this season in PL3, one grade behind our first grade squad, which is extremely competitive and played at a high level.

While we did not enjoy our most successful season, we can be proud of the way we played and the standard we were able to set for ourselves. Despite a number of results not being a fair reflection of how well we played, we continued to work hard with excellent attendances at training and a great culture on and off the field.

A huge amount of credit must be given to the squad who had to rely on a number of players going above and beyond by playing with injuries or doubling up and down to help out the other

teams. We would like to thank those players from the first and third grade squads for helping us out when we were running short on subs. We would also like to thank our tireless and amazing manager Brianna who gave up her Saturday's to manage the team

I believe this year we set the foundations for a greatly improved and successful 2021 season.

Men Third Grade (SL3)

After a slow start to the year, the team finally began the season with a bye. What followed was a number of tough games where we struggled to feature a fresh starting 11, but were very able to pick up an injury or two each game. Safe to say it was a rocky start to our short season.

When we were able to settle and start to field a mostly fresh team we were finally able to string together some sleek passes and some banging goals. We rode our luck inching our way into the finals, until we hit a road bump at the wasteland that is Cintra. There we learnt the lesson that all is fair in love and hockey, and that the body is an extension of the hockey stick, not the other way around like it's commonly mistaken. Our season ended with a lame draw against the team that snuck into 4th place, despite us dominating the game.

Big thanks to all those that doubled, and the time we could share with Kevin and co. training.

Men Fourth Grade (SL4)

The season that almost was on, then it was off and then was again….. but shortened due to some large world event. The year started with trying to field an extra lower grade team (5ths), which was going to be a challenge to have full teams each week (putting it mildly). Then, after the hiatus, we thankfully went with status quo.

A few new faces this year – Hugh Harrington, Alex Kilby, Tom Morrell and Andrew Hardman (for one game in the 4s at least). Welcome to the club to you all. Also, a welcome back to Geremy Sator after a long injury layoff. To all those who returned for another season, filled in or contributed in some way to keeping this whole hockey caper going – thank you.

For jumping up a grade, new players, missing players, party till dawn players and everything in between, each person within the team can hold their head proud that we finished within a game of making the finals this year.

Congratulations to [redacted] for taking out the player of the season for 4th grade. [redacted] had a stellar season up front and supporting the midfield. Hat-tricks and baseline tomma's were all part and parcel for him this year, even if that did mean the occasional uncoordinated tumble in the process.

In terms of the coaches awards it was very difficult to choose with Eugene finding his way around a hockey field without being encumbered by goalie gear, Tom Morrell combining skiing and hockey and the long drives in between and Alex becoming a confident midfielder that started to take the game on. However, from his reacquaintance with goalie gear in February / March to charging out of the goals by the end of the year, [redacted] takes out the Coaches Award this year. [redacted] improvement across the year was a joy to watch and even included being thrown somewhat to the wolves by doubling to help 3s while still finding his feet. I look forward to seeing where a full season can take [redacted] next year.

I really enjoyed coaching everyone this year and look forward to seeing everyone who played this year (or in previous years) back again to have a competitive, fun filled runaround for Macquarie University Hockey 4s in 2021.

Chris Jacka's surprise 40th birthday party in September 2019 was the catalyst for "putting the band back together" and starting a Masters team for the first time.

Plenty of old boys were itching to get back onto the paddock and by the time February rolled around we had 18 names – some of whom had not played for a decade.

We entered the Sydney Cup, which is the second grade of Sydney Men's Masters Hockey. Six of the seven teams could have made the semi-finals, so this made for good competitive hockey each week.

First round we started with a win, downing Northern District 3-2. Ryde soon gave us a wake-up call, then Macarthur beat us after the fulltime siren from a dodgy corner decision.

Covid shut the comp down mid-March, and when it started again in mid-July we had lost 3 players but gained two in "youngsters" Andrew Herron and Peter Kohlhagen.
It's tough going playing 9.30pm in the middle of winter with no subs or only one sub – but this ironically when we played our best hockey, registering four wins, a draw against eventual premiers Briars and a loss to Manly-GNS again from an umpiring error.

The last few games were against very strong opponents and while we didn't get wins in those games, we had done enough to finish a highly commendable third on the table.

We then made Briars fight every inch of the way in the semi-final, losing 1-0 but earning their respect.

Darren Cox was a thoroughly deserved players' player.

Nearly all the team had played 1st grade for Macquarie at some stage of their hockey life and so there was plenty of experience and skill to call on.

This project was as much a reunion as anything and there was such joy displayed each game that everyone has indicated their desire to play again in 2021.

The Masters team was a rare piece of good news in a year blighted by the coronavirus.
