

## In-Kind Donation Form

Thank you for supporting LASA Robotics! This form documents in-kind donations made to our team and helps us keep accurate records of the goods and services generously contributed to our program. Your support provides the resources needed for hands-on learning, competition participation, and community outreach. We gratefully acknowledge receipt of the above-described donation. Please note that LASA Robotics does not assign or determine the fair market value of donated items or services; valuation is the responsibility of the donor. Donations are accepted with appreciation but do not influence or determine the decisions, policies, or operations of the team.
