Paper Title

- 18 font with bold and center justification
- All titles should be in standard mixed case, where the first letter of each word is capitalized and followed by lower case letters, as noted below:

Lean Manufacturing, Operations Management and Six Sigma Applications

Authors and Affiliations

- Author name – 12 font with bold and center justification
- Affiliation – 12 font with center justification
- Authors with same affiliation should be together
- Authors with different affiliation should be listed separately with one space in between
- Email can be added for each author
- Single space between affiliation and abstract title

Abstract (12 font)

[illegible]

- Abstract title – 12 font with bold and center justification
- Abstract text – 10 font with full justification
- Not exceeding 250 words.

Keywords (12 font)

Keyword 1, Keyword 2, Keyword 3, Keyword 4 and Keyword 5. (10 font)

- No more than five keywords (10 font)

Page Layout

- 8 1/2" X 11" paper
- All margins: 1.00"
- Full justification
- Times New Roman font
- Maximum 250 words for abstract only submission
- Conference name as a header and copyright information as footer must be used. Copyright information implies that IEOM Society International has right to publication the paper

Acknowledgments

Add acknowledgement if need

Biography / Biographies (for single author – biography and multiple authors- biographies) – 12 font bold

- Include bio of each author at the end of the abstract, 10 font
- Limited to 250 words

Biographies

Prof. Dr. Engr. Ayub Nabi Khan currently holds the position of Pro Vice Chancellor now Acting Vice Chancellor (Designate) of BGMEA University of Fashion & Technology, obtained his bachelor degree in Textile Technology from the University of Dhaka. He obtained MSc and PhD degree in Textile Technology from the University of Manchester Institute of Science & Technology UMIST, Manchester, UK. under Commonwealth Scholarship and fellowship plan. Prof. Khan became the first Pro Vice Chancellor of BGMEA University of Fashion & Technology (BUFT), Bangladesh on November 01, 2012. He has 38 years long service experience in teaching, research and industry. He rendered his service for more than 29 years in different universities of home and abroad. Before joining he was Principal of country's first Public Private Partnership educational institute named National Institute of Textile Engineering & Research (NITER) an affiliated Institute of University of Dhaka run by Bangladesh Textile Mills Association. Under his able leadership this national institute became a viable organization which was in a dilapidated condition for a long time. He was faculty member of Department of Textile Engineering, at Ahsanullah University of Science & Technology (AUST), Primeasia University and Southeast University. He worked as adjunct faculty member of Mechanical Engineering department of BUET, DUET, Manchester University of UK, Nyenrode Business University, the Netherlands. He was research supervisor & external examiner of MSc & PhD students of different universities of home and abroad. He was nominated as Syndicate member of the Bangladesh University of Textiles (BUTex) by the Chancellor and His Excellency the Honourable President of the People's Republic of Bangladesh. Ministry of Agriculture Government of Bangladesh recently appointed him Board Member of country's research organization Bangladesh Jute Research Institute (BJRI) for 3 (three) years.

Ahad Ali is an Associate Professor and Director of Industrial Engineering Program in the A. Leon Linton Department of Mechanical, Robotics and Industrial Engineering at the Lawrence Technological University, Southfield, Michigan, USA. He earned B.S. in Mechanical Engineering from Khulna University of Engineering and Technology, Bangladesh, Masters in Systems and Engineering Management from Nanyang Technological University, Singapore and PhD in Industrial Engineering from University of Wisconsin-Milwaukee. He has published journal and conference papers. Dr Ali has completed research projects with Chrysler, Ford, New Center Stamping, Whelan Co., Progressive Metal Manufacturing Company, Whitlam Label Company, DTE Energy, Delphi Automotive System, GE Medical Systems, Harley-Davidson Motor Company, International Truck and Engine Corporation (ITEC), National/Panasonic Electronics, and Rockwell Automation. His research interests include

manufacturing, simulation, optimization, reliability, scheduling, manufacturing, and lean. He is member of IEOM, INFORMS, SME and IEEE.

Donald M. Reimer is the managing member of The Small Business Strategy Group, L.L.C and serves as an adjunct professor at Lawrence Technological University. Mr. Reimer holds a Bachelor of Science degree in Industrial Management from Lawrence Technological University and a Master of Arts degree in Political Science from University of Detroit/Mercy. He has been recognized as a professional management consultant with over 45 years of experience in working with closely-held businesses. He has taught courses in entrepreneurship, management and corporate entrepreneurship and innovation for engineers. Mr. Reimer served as member of the Minority Economic Development Committee of New Detroit. He has served as a KEEN Fellow for The Kern Family Foundation. He is member of the Lawrence Tech Alumni Board of Directors and has elected a Fellow of the IEOM Society International. Mr. Reimer is a faculty advisor of the Student Chapter of the IEOM Society at Lawrence Tech.
