Northern Humboldt Math Placement

Initial math placement for incoming 9th graders is done using 4 criteria, listed in order of importance:

(1) 8th grade teacher recommendation,
(2) math test placement score,
(3) current grade in 8th grade math and
(4) 7th grade Math CAASPP score.

All incoming 9th graders are given the NOHUM Math Department Test online in the spring of their 8th grade year.

Incoming 9th graders who wish to accelerate into Integrated Math 2 or above will have to test at the high school at the end of their 8th grade year. Please contact the appropriate high school for specific dates and times each year. If a student misses the test for advancement at the end of their 8th grade year, they can test within the first 2 weeks of the high school calendar.

Please contact the appropriate Department Chairs if you have any questions.

School	Department Chair	Email
Arcata High School	Camila Barrett	cbarrett@nohum.k12.ca.us
McKinleyville High School	Steve Walston	swalston@nohum.k12.ca.us
Six Rivers Charter High School	Jen Coleman	jcoleman@nohum.k12.ca.us
