last updated: 7/15/19

GUIDELINES

01. MUN. hi i'm hawke, your local mun ! i'm a 21 year old, black trans dude that uses he/him pronouns. i'm a college student that struggles with mental illness so my activity is often sporadic. my school, personal life, and health always comes first. rp is a hobby that i love and this is not my only blog. you can also find me at: [honeyedhowl](#) (*main blog*) and [snowbrn](#) (*ind. jon snow.*)

02. BASICS. while inspired by nordic and germanic mythology, the pantheon of this blog is original and was created by *fearsworn* with additions such as volk, his siblings, and his children, who were created by myself and belong to me. no godmoding unless it's minor stuff to move the plot along, if you're not sure please ask. don't steal, be a decent human being.

03. DISCLAIMER. i am not associated with josh dallas. if you recognize this character it's because i've written him on hejudges previously. all images used in aes posts were edited by me using images from pinterest.

04. CREDITS. base icons were found on hollowart and insanejournal. any gif icons used were not edited by me. the psd used on my icons was created by fciliar. icons and images edited by me are not for public use, please do not take them. post banner template by darkrpsd. [dash icon template](#) & [the psd](#) used were purchased from venuscommissions !

05. FOLLOWING. i'm mutuals only for my own comfort ! i don't do follow-for-follow nor do i follow everyone back. i will not follow if your blog lacks a rule page & an about for the character(s). if this is something you're working on i completely understand, i like to know about the person i might be writing with is all. it also often takes me awhile to look at other blogs, because of my schedule i'm usually mobile and not always able to access pages, please give me a few days to do so. i don't follow & write with minor muns. i don't follow and interact with cisswap, genderbent, rule!63 blogs.

06. UNFOLLOWING. i soft block when i unfollow and ask that you please do the same if you ever choose to unfollow. *if you don't, i will hardblock.* i don't mean to seem harsh but as i am mutuals only i don't want to follow and interact with your posts if you don't want to interact with me.

07. TRIGGERS & NSFW. i tag the basics but if you need something specific tagged, let me know. trigger warnings apply for: pregnancy with a trans man, war and war

imagery, death, violence, gore, discussions of depression, and mentions of past human and animal sacrifice. i tag using *“trigger tw.”* i don't write smut often but when i do it's with muns i'm comfortable with. i'm fine with implying sex, fade to black, and morning afters. i tag nsfw as *“nsft”* for explicit things and *“nsft cw”* for suggestive stuff.

08. ASKS. i love getting asks from my mutuals because it's honestly the fastest and easiest way to get something going. it might take me a million years to reply but i will. all i ask is that if you don't want to send something in, reblog the post from the source if it's available. i'm all for turning asks into threads and with tumblr's new ask formatting issues, i tend to answer ic asks in new posts that can be reblogged if you'd like to continue it. *non-mutuals* are welcome to send ooc asks related to headcanons and the like.

09. FORMATTING AND REPLIES. i format using sub text and static icons. i can use gif icons if my partner uses gifs. i bold and italicize some words as well. this is a slow reply blog as i run a few others, am a full-time student, and struggle with several mental illnesses. if it's been a week or more since i replied to our thread, *please message*

me ! i'm very forgetful and it's likely i accidentally lost it. i also have a discord that mutuals can ask for.

10. SHIPPING. this blog is multi-verse and multi-ship but please note that volk's default canon verse is *single ship*. all other romantic ships will exist in separate au versions of his main verse or in any of his other verses. i'm always open to developing ships & cross pantheon dynamics. i'm also comfortable with pre-established dynamics.

11. MISC. i block personals so if you have a sideblog for rp please have that in the description. **i block blogs that don't follow me and reblog musing posts and memes from me.** i don't write with *duplicate* fcs of my muse and i ask that you please rb face claim posts from the source if it's not to be reblogged for a tag you have for my muse.

12. MAINS / EXCLUSIVES. i'm open to having mains and possibly exclusives. you can find a list of these writing partners *here*.

END NOTE. i'm sorry that this was + most of my other pages were long and thank you for reading ! i'm actually pretty friendly, albeit anxious, and i'm looking forward to plotting & writing with you all.
