3	This is my first time participating in a servas activity. I've always been someone who is hesitant to step out of my comfort zone and face challenges. But this time, I went to Africa with a group of servas members, living in an environment completely different from Taiwan. At first, I was really nervous, but seeing the members around me living in the moment, I learned from them to open my heart and enjoy life. After this experience, I decided to join Servas.	https://youtube.com/shorts/u-IMg7EYZtM?si=1JUM6Chluu-_8TmL

Like Mary Poppins, Momo was full of delightful wonder. She entertained us with her original songs and her incredible skill with this Senegalese instrument.

7	My first Servas Travel was in Japan in 2016 I stayed with three families there for 10 days. Among them, my second host was so impressed. Even though there was a language barrier, we enjoyed each other, sharing homemade kimchi I had brought. Although I may not visit them again, I try to help foreign members visiting Seoul, instead.	https://youtu.be/RI8OoO4YGh0?si=l4nBqlbB91S6dBlk
8	Our “trip of a lifetime“ was just that! Fulfillment of a journey we dreamed of for countless years~ a trek to the Motherland- AFRICA!! Servas Gambia opened our eyes to the dynamic and dedicated lives of Servas members and their innate passion and working portfolios allied with youth. The URR (Upper River Region) of The Gambia is located east and inland, an area known as the Basse. It takes about five hours drive from Banjul. Servas members collaborate to bring together youth to cultivate personal and collective skills and generate peace ambassadors!	https://youtu.be/-9ka6YmSs4c?si=JkW3BoJkGRuFbK_-

	courage and at the same time makes the trip entertaining, I can say this today after returning from the trip. I am heartily grateful to all the friends whom I met during my trip, and to all those who took time out of their busy lives to meet an unknown friend like me. I also thank the Sarvas Organization because this organization was established with the objectives like open doors, hosting, peace and friendship etc. I believe that the organization has been completely successful in achieving its objectives. Long Live Servas.	
10	Believing in the motto of Vasudhaiva Kutumbakam and Servas' idea of being part of something bigger than oneself, I became a member at a young age through my parents. Thus, began a tale of exploring the world, exchanging ideas, and fostering understanding and peace. Starting with a bicycle tour around the world, several visits to Europe and stays with Servas as well as hosting members from more than a dozen countries, I have been associated with Servas International for nearly 25 years. I am truly grateful for the friendships I've made through Servas and I hope to keep the shared dreams alive and thriving, in my own humble capacity.	https://youtu.be/vv8R5orcJ5I
