INTERACTIONS WITH NEAR DAPPS

As a DAO, our primary focus has been to build and boost engagement on NEAR BOS. We achieved this by concentrating our efforts on the NEAR Social platform, which resulted in significant growth and engagement.

For more details on our engagement, activities and traction please visit this link:

LEARNING	- We've learnt that building a vibrant and active community is no child's play, it literally takes up a chunk of your time and dedication is required to scale up, but the best part is that it is a project we are really passionate about so we make it fun - Resources are highly essential in building, from finances to educational resources - Mentorship is key

	- Attending events and meetups is essential as well
NEXT STEP	- Artist Support: Launching an artist support program to provide mentorship, resources, and funding for emerging artists in the web3 space. - Outreach: Expanding the community's reach by hosting events, webinars, and workshops to connect with artists and creatives on a larger scale - Metaverse Presence: Establishing a presence in the metaverse through virtual galleries, concerts, or events to enhance the Trybe's immersive experience. - Cross-DAO Collaborations: Strengthening partnerships and collaborations with other DAOs to foster a collaborative and interconnected web3 community. - DAO Governance: Empowering the community with more involvement in DAO governance decisions and funding proposals. - Physical Events: Organizing and attending physical events, exhibitions, or meetups to bring members together and strengthen relationships.
