

Fear

By Sophie Serandos

Muddy and Misty but it's just one more reach
Just one more big jump and she'll be free
Just one more leap and she'll realize she'll be fine
Just one more time but this could end her life
She looks in front of her and sees the green grass
She looks behind her and realizes she can't go back
She needs to put her fear behind
She needs to jump and jump real high
It's not about living once and it's over
It's about conquering fear and getting one step closer
