

2024-03-13 - NH Network Climate Working Group - Monthly Meeting Agenda

Last meeting (2024-02-18) [Climate WG planning meeting notes](#)

We meet on the second Wednesday of every month at 7:00 pm on Zoom:

- Join online:
<https://citizensclimate.zoom.us/my/cclnhzoom?pwd=MTRoSmtMQ3J3bk9sbEJMdz09>
- Or at Zoom.us with Meeting ID: 9831200408 Passcode: 1632
- Or by phone: 1-929-205-6099 9831200408# 1632#

We hope a representative from every NH Network organization working on climate change will attend. Let's connect, share plans and projects, and amplify each other's efforts every month!

Agenda

1. Member organization roundtable

What are NH Network member groups doing on climate in the next month? What are the major initiatives, events, and ways others can help?

2. Book Discussion

Discuss “The Collapse of Western Civilization, a View from the Future” by Naomi Oreskes ([Free PDF](#)).

Please read the (50-page) story and (16-page) interview with the authors, then bring your thoughts (and a cup of tea or glass of wine) to our discussion. We are trying to arrange a special guest appearance by one of the authors.

3. NH Climate Bill Actions

- The NH Network's NH-bills page: newhampshirenetwork.org/NH-bills
- State Bills for 2024 - weekly updates now happening
- How to submit online (and in-person) testimony on state bills
- Why do it (does it make a difference?)
- More bills?

4. Help Elevate Climate Change in the Election Cycle

- A Climate Voter Information table you can do at town polling stations:
bit.ly/2024-climate-voter-information-project

- Shall we collect State Rep candidates' positions on climate during the primary season to put in voter information sheets at the tables? E.g.:
 - Does the candidate accept the scientific consensus about climate change from fossil fuel pollution?
 - Will the candidate support legislation to address the pollution?
 - Will the candidate advocate for federal action to meet the country's climate goals of a 50% greenhouse gas emissions reduction by 2030 and net zero by 2050?
- Candidate Town Halls: [How to ask Candidates Climate Questions](#)

5. **Two actions** to help federal climate progress (use positive, polite, and persistent persuasion)

4.1 . Send Congress an email asking them to legislate the Carbon Fee and Dividend bill via this web action page: cclusa.org/write-cfd.

4.2. Write to Congress to support the PROVE IT Act to do carbon emission data collection in preparation for a CBAM (part of the Energy Innovation Act): cclusa.org/prove.
