COMPETITION STRUCTURE

- Competition will be a round-robin format- each team will play two pool matches. 3 points are awarded for a win, 1 point for a draw and 0 points for a loss.
- The top team at the end of the round robin will be declared the winner.
- If, at the end of the round-robin game finishes a draw, the match is to be decided with a penalty shootout but once all other matches have been played - to not impact the fixtures. If an overall winner can be determined without penalties taking place then it need not take place.

- If a first-round pool game ends in a draw, then **the team that scored first** will receive the bye for the second round of pool games. The result of the game will be recorded as a draw, and points awarded to each team accordingly.
 - If the match was a nil-all draw, then a coin toss will decide the team that will receive the bye.
