Description of the Campaign

The Campaign “Derby Trading Competition” campaign (the “**Campaign**”) is promoted by FanX (<https://app.fanx.xyz/>) (the “**Platform**”). FanX is a decentralized exchange (DEX) built on the Chiliz Chain and designed for swaps and liquidity provision (“**FanX**” or “**The Promoter**”). FanX enables users to swap tokens, stake, farm, and participate in decentralized governance.

FanX organises a trading competition on the Platform in correlation with the derby game opposing S.C. Corinthians and Palmeiras (the “**Teams**”) taking place on August 31st, 2025 (the “**Derby Game**”). To participate, users must trade the Teams’ respective Fan Tokens, \$SCCP and \$VERDAO, on FanX’s liquidity pools (SCCP/CHZ and VERDAO/CHZ) on the Chiliz Chain during the Campaign and satisfy the terms and conditions described under these terms.

Prizes

For the Campaign, a total prize pool of USD 10,000 (the “**Prize**” or “**Prizes**”) will be distributed in the form of either \$SCCP or \$VERDAO tokens to the top 20 traders (the “**Winner(s)**”) of each of the following liquidity pools:

- **SCCP/CHZ**
- **VERDAO/CHZ**

The Prize will be distributed among each liquidity pool as follows:

- Highest trading volume: USD 5,000.** For clarity purposes, if the liquidity pool SCCP/CHZ obtains higher trading volume than the pool VERDAO/CHZ, top traders within the SCCP/CHZ liquidity pool will share USD 5,000 worth of \$SCCP tokens; and if the liquidity pool VERDAO/CHZ obtains higher trading volume than the pool SCCP/CHZ, top traders within the VERDAO/CHZ liquidity pool will share USD 5,000 worth of \$VERDAO tokens.

- b. On-field performance: USD 5,000.** For clarity purposes, if S.C. Corinthians wins the Derby Game, top traders within the liquidity pool SCCP/CHZ will share USD 5,000 worth of \$SCCP tokens; and if Palmeiras wins the Derby Game, top traders within the VERDAO/CHZ liquidity pool will share USD 5,000 worth of \$VERDAO tokens. In case of a draw, top traders within each liquidity pool will share USD 2,500 worth of the respective Team's fan Token.
- c. Notwithstanding the above,** in case the token that obtained the highest trading volume is the token of the Team that also wins the Derby Game, an amount of USD 2,000 worth of the other Team's token will be distributed among the top traders of this token. For clarity purposes, if S.C. Corinthians wins the Derby Game and the liquidity pool SCCP/CHZ obtains the highest trading volume, only USD 8,000 worth of \$SCCP tokens will be distributed among the top traders of \$SCCP during the Campaign; while USD 2,000 worth of \$VERDAO tokens will be distributed among top traders of \$VERDAO during the Campaign.
