

Hi there! My name is Jaclyn Petty and I'm thrilled to be joining the Gudy Gaskill community! I am coming to you from the Bay Area in California and very excited to be moving to the Denver area. While I grew up in California and love the ocean, the mountains have always been my happy place and have been calling my name for quite some time now. I love biking, hiking, snowboarding, yoga, (really anything outdoors) and playing with my 6 month old puppy. I will be joining the 4th grade team in my 11th year of teaching and thrilled to be returning to a 4th grade classroom setting, which were some of the most memorable years in my teaching career. I look forward to getting to know this amazing community and becoming the newest Trail Blazer on campus!
