Dear parents/guardians,

At arrival time this morning, Friday, April, 5th, we were made aware of a possible threat to school safety that was submitted to high school administration through our online reporting system. Upon receiving this information, we immediately contacted the Paxton Police Department, coordinated with them to have a police presence during student arrival at the high school, and out of an abundance of caution set up procedures to ensure all high school students were searched when entering the building.

We will continue to monitor and investigate this situation. We take all threats seriously as the safety of our students and staff is our top priority. After consultation with local authorities, we feel comfortable that the school is safe.

If you or your child has additional information regarding this situation, please contact high school administration at (217)379-4331.

We want to thank the Paxton Police Department for its quick and professional response.

Sincerely,

Travis Duley, Superintendent
Paxton-Buckley-Loda CUSD #10
