

Senior Project Connection: Summer Assignment, Part 2

Now that you've had a chance to reflect on some of the life lessons in *Who Owns the Ice House*, take a few minutes to consider how you might incorporate an entrepreneurial mindset into your senior project!

Instructions:

- 1) Go to "File," "Make a Copy" and create a copy of this document in your Drive. Title the document "Ice House Part 2 - Your Name" (ex. "Ice House Part 2 - Scottie McStudent")
- 2) On your copy of this document, answer the following questions. Your responses don't need to be long, but they should be thoughtful.
- 3) **Set sharing settings to "anyone at Helix with this link can VIEW"**
- 4) **Once you've finished both parts (Entrepreneurial Mindset Reflection & this Senior Project Connection)**, you'll submit them via the Google Form on the [One Book One Helix website](#).

The Helix Senior Project isn't just a graduation requirement. It's an OPPORTUNITY for all students to achieve something meaningful: to attain personal goals, learn new skills, or solve a problem in their community.

Not sure what you want to do for your senior project? Not sure what the senior project is all about? Visit the [Senior Project website](#) for FAQs, guidelines, project ideas, and a list of projects that are not allowed.

- 1) Brainstorm two possible ideas for a senior project that would help you reach your goals or learn a new skill:
 -
 -
- 2) Brainstorm two possible ideas for a senior project that would help solve a problem in your community:
 -
 -
- 3) From the ideas above, choose **one idea** that you're most interested in: _____

- 4) **Why** would you want to do this senior project?
- 5) How would this project **challenge** you?
- 6) What would you **learn** from this senior project?
- 7) Can you think of someone in your “**network**” (teachers - at Helix or at other schools -, family friends, employers, community leaders, business people, local entrepreneurs, etc) who would be able to help guide you through the skills you need to learn, and could be a **consultant** for this project? Keep in mind that your consultant must be at least 21 years old, and cannot be a family member.
- 8) Most senior projects also require a **client** - someone who will either benefit from your project, receive the final product, or evaluate the work you’ve done. Who might be a client for the project you have in mind?
