Do you have professional or lived experience in the sight loss or eye health sector and feel passionate about improving access to eye care, sight loss services and more for ethnically diverse communities?

BAME Vision are looking for volunteer members to join our organisation. We formed in 2020 and our mission is to tackle the inequalities which prevent ethnically diverse communities from making informed choices relating to their sight by empowering, engaging and connecting with all stakeholders.

Since 2020 we have delivered workshops, webinars, blogs, and developed a toolkit and charter for organisations to follow. As BAME Vision started to grow and develop our strategy, we soon identified the need for three sub-committees: Governance, Advisory and Operational, along with recruiting for additional members to join the Executive Team.

With this in mind, we are excited to be growing and we're looking for volunteers with the time, dedication, motivation and skills to carry our vision and mission forward. We have made significant progress and it is now time to further expand our reach, engagement, and address our aims of equality, inclusion and equity.

To find out more about the roles available for you to get involved with, please check out our role descriptions and application information. Applications close at 5pm on Friday 24th February 2023. If you would like to discuss the roles in detail or would like further information, please email us at info@bamevision.org.
