Subject line: No boss, No job, No problem

I have finally decided to quit my job.

I was not happy with my current situation. My job was simply no longer worthy of my time.

So i decided to quit and start my own journey, my own business.

At first i wasn't very confident,

but,

as time went by, it started to pay off.

Don't get me wrong, it was hard. I had to put a lot of effort, time, dedication, hard work to it.

But eventually, i started making money. My own money.

I finally didn't have to listen to my boss.

I could manage my own time (wake up whenever i want) etc.

And make even more money then before.

And all it took was one right choice.

One right step.

And i took that step because of this one book.

Trust me, you can do it to.

If you hate your job, want to quit and be your own boss,

[then this book is exactly for you.](#)
