Ennyi - a tárcája elkészült! Már csak el kell mentenie a mnemonikus kifejezést, hogy visszaállítsa a pénztárcához való hozzáférést. Ehhez kattintson a főképernyőn a **Backup needed** üzenetre:

Kérjük, legyen óvatos ebben a szakaszban - ez a mondat a pénzeszközök biztonságának kulcsa. Javasoljuk, hogy írja le egy papírra. Ne tárolja a mnemonikus mondatot elektronikus eszközökön, és ne ossza meg másokkal.
Az alkalmazás további használatához meg kell erősítenie a mnemonikus mondatot a szavak helyes sorrendben történő beírásával.

Ha mindent helyesen csinált, megjelenik egy gratuláló üzenet.

Soha ne adja tovább a mnemotechnikai mondatot!

Kellemes munkát kívánunk! A tárca működéséről többet megtudhat, ha elolvassa ezt az utasítást.
