Sun Yee On Is one of the biggest chinese triads in the world. They are active in Asia, Europe and North America But started in China. They are involved in racketeering, counterfeiting, extortion, drug trafficking, money laundering, murder, illegal gambling. Their strength, connections and overall numbers make them one of the top organised crime groups in the world and feared by many.

Sun Yee On's History

The Year is 1919 and Heung Chin forms the Yee On Society as a mutual self preservation society but after the Chinese civil war, the new socialist government declares the Yee On Society as an illegal organisation. The Government deported the Founder Heung Chin to Taiwan in the 1950s. He continued to run the Society from Taiwan. The founder was eventually taken over by his son Heung Wah-yim who changed the organisation's name to Sun Yee On. The Sun Yee On triad got involved in numerous crimes throughout asia like counterfeiting, gambling, narcotics, human trafficking, prostitution, smuggling and extortion. By the 1970's Sun Yee On had around 100,000 Members.

Conflict of the 1980's

In February a man by the name of Sun Wa-Lin Po was a very prominent member of Sun Yee On in Asia, making it all the way to the rank of White Paper Fan. He had thousands of men loyal to him and him only which made the Leader at the time Heung Wah-yim very jealous thinking Sun Wa-Lin Po

would come for his title at the top of the triad. On an Early morning of February Heung Wah-yim Declared war on Sun Wa-Lin Po and all the men loyal to him, A car bomb was set up on Sun Wa-Lin Po's car parked outside his home but the bomb went off before Sun Wa-Lin Po got in itm Sun Wa-Lin Po's home was severely damaged and caught on fire, this forced Sun Wa-Lin Po to go in hiding and run his followers from a hidden warehouse in Hong Kong. People left Sun Wa-Lin Po's side because they were scared or bribed by the enemies. Sun Wa-Lin Po had a mere 1000 left compared to the tens of thousands Heung Wah-yim had at his disposal. Sun Wa-Lin Po and his men started using guerilla warfare tactics on their enemies, taking down shipments of drugs, raiding casinos, doing drive bys and planting car bombs were only some of the things they were doing to try and win against such a big enemy. On April 10th 1986 a devastating event came for Sun Wa-Lin Po and his men when their warehouse being used to run everything was raided by Heung Wah-yim and his men because someone close to Sun Wa-Lin Po betrayed him. After this day Sun Wa-Lin Po had no choice but to have a meeting with Heung Wah-yim and see what his demands were.

“Heung Wah-yim, what are your demands?” says Sun Wa-Lin Po sitting across from the man he has been fighting against for the last 2 months straight.

“I want your prescenses gone from Asia completely, there is no negotiating, this war is an obvious loss for you and it's attracting unwanted attention from the police.” says Heung Wah-yim knowing Sun Wa-Lin Po has no choice here.

“If that’s your condition” says Sun Wa-Lin Po before he stands up and walks out of the room with his 2 armed guards.

The Call

Sun Wa-Lin Po were getting ready to leave asia when his phone started ringing

Ring ,,,, *ring* ,,,,, *ring*

“Hello?” Sun Wa-Lin Po says in to his phone, not know who would be on the other end

“Hueng Wah-yim will be finished soon, the police are coming.” says the unknown voice

“Who is this? How do you know?” Sun Wa-Lin Po responds confused before the phone hangs up

Within the same night police were raiding every property they had information Sun Yee On owned or were connected too, It turned out an Informant went to the police and told them everything they knew and this war helped put Sun Yee On in the open so police had charges on numerous high ups in the Sun Yee On. There was no one to take the spot of the mountain master except Sun Wa-Lin Po who seemed to be everyones number 1 pick but Sun Wa-Lin Po didn’t trust any of these men who spent the last 2 months trying to kill him and betrayed him, Sun Wa-Lin Po had everyone who betrayed him executed and then took men he could trust to New York with him to bring Sun Yee On back to glory. He kept some people in Asia and Europe to keep connections throughout the world. This would allow him to keep smuggling Chinese migrants from

around the world and to have drugs grown and processed around the world to be shipped to America and to keep Sun Yee On's part of the drug trade in these places.

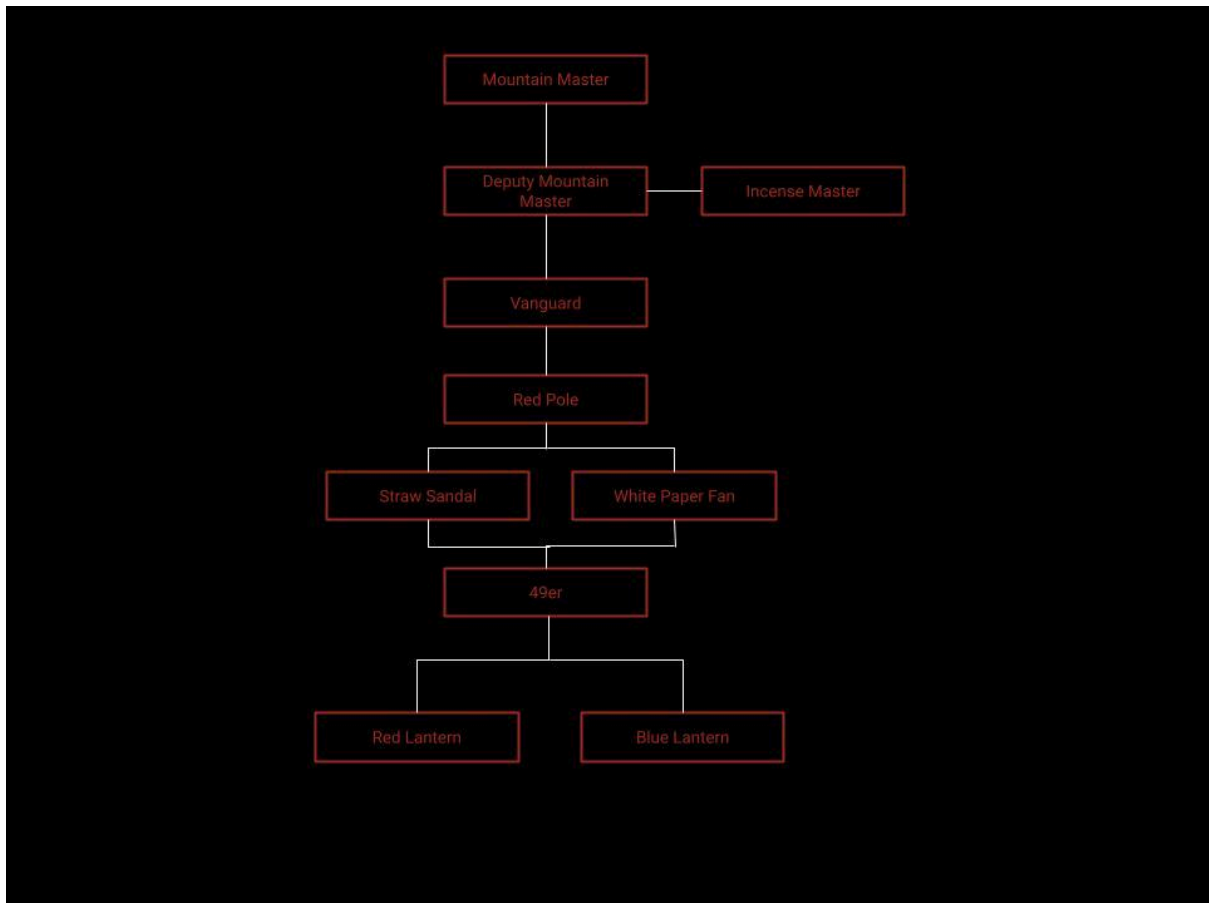

Move to New York

Sun Wa-Lin Po and the trusted men Sun Yee On triad got illegally smuggled into the United States, the land of opportunity for both criminals and civilians.

They chose New York because of the numerous criminal organisations and knew if they wanted to set up shop it would be perfect. Sun Wa-Lin Po got in contact with an already established criminal organisation, The Sanzensekai and became a district because Sun knew if he was going to start from nothing again he would need some protection and help from someone already set up in this criminal world. Only time can tell what will become of Sun Wa-Lin Po and his men, we just hope they can obtain what they long for,
