

PLANNING "HOT TIPS"

Do you have a Hot Tip to share with us? [Email us!](#)

- Are you tired of Google classroom notifications filling up your inbox, but don't want to turn them off so you know when a late assignment is turned in? You can automatically filter emails from Google Classroom into a folder and skip your inbox! [Here's how.](#)
- In Google Classroom, you can create a bank of commonly used comments for feedback: [Video](#) and [Written](#) directions
- You can set a time for Google Forms to stop accepting submissions using this [extension](#) and [directions](#)
- Are you wanting to step up your Seesaw tracking? You can import the Common Core Standards (or other standards) and track student progress on assignments you give using [Skills](#)
- Using your [PDFs or Physical Worksheets](#) in Seesaw
- Do you feel like your students need to learn some digital citizenship? [Common Sense Media](#) has a free package of lessons broken down by grade level if you feel you need to address an issue but don't know how

Shout out to the following for giving us a Hot Tip:
Jena Avea and Nate O'Dell
