

[typing noises] Sweetpea, I need your mouth. Come get underneath the desk and keep my tentacle warm while I work. **[footsteps, shuffling, wet noise]** Ah, ah, ah, don't suck. Just keep it nice and warm in your mouth. You were distracting enough sitting on the floor wearing nothing but your collar. The last thing I need is for you to work that talented mouth of yours around my tentacle while I'm trying to get something done. **[phone ring]** Be good and be quiet for me. I've got to take this. Hello...yes this is she...Right! Let me check my email. Give me a second. **[typing]** Yes I see it right here. It says that the order has shipped and should be there in a few days. Is there anything else I can help you with? **[hand pets head]** Alright, mhm, yep, you too!

[phone call end] Very good sweetpea. You didn't move your tongue at all. You did make a little noise when I started to play with your scalp but I don't think they noticed. And I don't think you noticed either. **[chuckle while typing begins again]** You are too busy enjoying being seated underneath my desk, keeping my tentacle warm. Why don't you close your eyes for a bit. Enjoy the weight of my tendril resting in your mouth while I type. I know there is nothing more you love in this world than being a good little tentacle warmer. Mind blank just enjoying the feeling of your mouth being full. Emptying that cute head of yours. So good for me. Look so amazing with my tentacle stretching your warm mouth. It feels good, doesn't it? You just want to suck it but you know better. I told you not to so you aren't going to suck it. You are a good little slut for me and aren't going to do anything you aren't told, **[phone ring]** right? Give me a second I need to take this.

[hand in scalp] Hi this is Daandu, how can I help you?...Let me double check. I don't think that meeting was rescheduled but hold on. **[general computer noises]** Yeah it is still for 6pm tomorrow at Ricardo's Bistro...Anytime! Have a wonderful afternoon, ma'am. **[typing resume hand leaves]** I know, I'm sorry. Typing when I'm not on the phone requires two hands. I know how much you love my touch, always want to be in physical contact with me. It's my tentacle in your pretty mouth not enough? **[chuckle]** Gluttonous little thing. Remember to keep that mouth still. Don't even think about moving that tongue of yours. You are resting under my desk, keep my tentacle warm, until I decide it is time for you to be useful again. **[typing stops and chair noise]** Aw, you look so pathetic down there. Mouth closed around my tentacle, nothing covering your body, only the collar that says "Property of Daandu". This is when you look your best. I think you can take more of my tentacle in your mouth, don't you? Here, let me help you. I'll feed you what I know you can take and then all you have to do is keep it in your mouth. Isn't that nice of me? To take such good care of my needy pet while I'm working?

[chair move and wet noises] There we go. That's better, don't you agree. Much deeper in your slutty little throat. Oh don't gag now. I know you can take it. I've never given you more than you can handle. Relax yourself and keep still. **[typing begins]**...Stop moving your tongue. Moving your tongue counts as not being still. Do you want me to punish you? **[chuckle]** That's what I thought. Be as still as a statue for me. I know you can do it. Make me proud sweetpea...See? You're getting the hang of it. You are doing so good for me, my pet....**[phone ring]** Hello?...Of course....mhm....yep....I'm almost finished that note and then I'm to work on the Greene file... Sounds good...you too! **[typing, few moments, phone ring, sigh]** Hi!...you didn't mean to call me back...okay. That's why I was wondering. I was like I just talked to you. **[chuckle]** alright. Bye for real.

[typing starts again] Sorry about that sweetpea. I don't like taking calls anymore then you do. You did very well staying still though. You didn't even make a sound. Such a good little tentacle warmer for me. So good at what you do. Makes the work day much more enjoyable knowing I can look down and see such a happy pet keeping my tentacle deep in your throat. I told you, you could handle more. You didn't think you could and yet you are doing it. That's my good pet. If you want you can start moving your tongue now. You are to suck me but you are not to make me cum. You have permission to swallow, suck, move your head around, all that stuff. But I don't want to cum yet.

[wet noises] Mmmmm that's it. Swallow around my tentacle. Took it so fucking deep in that throat of yours. So good for me. Knew you could do it. Knew you could handle it. Making me so proud. That's it pet. Making your owner feel so good. You are actually being useful, that's a rarity for you. Normally you are a cute little decoration, something to entertain me when I'm bored. But when you do this, you are kind of like a cat. You know how cats mimic their owners so you give them something similar to what you are doing so they can "help". That's kind of what you are doing right now while you suck my tentacle and I work. You are already my pet, I should start calling you kitten. Get you a cute little tail and matching ears. It would go well with the collar you wear around your neck. And just like a kitty, you love the taste of seafood. **[chuckle]** You are so cute when you get all flustered. Did you not realize how many traits you shared with cats? It seems they add up more and more every day. That's okay sweetpea, I don't mind having an adorable kitten as a pet. Especially one as obedient as you. You just love the taste of my tentacle don't you? Love how it feels in your mouth. How deep it can go in your throat. If I wanted, I could choke you on it. Have tears well up in those beautiful eyes as you gag on it.

The thought is so tempting. To make you cry and try to swallow more of my tentacle. Take it just a few inches deeper inside that little mouth of yours. I know how turned on you get when I make you take it deeper, make you take more. I'm going to push it a little deeper in your throat to distract you from the other tentacle slithering between your thighs. **[wet noises and chuckle]** Just what I thought. So fucking horny for me and I only just started teasing you. I didn't realize how needy you were for your owner, my pet. All you've been doing is sitting under my desk, tentacle resting in your mouth, and you got so desperate for me. Did being useful to me only spur you on more? It's undeniable, isn't it? The pulse you are feeling while my suckers lightly massage you. Mmmmm, you feel good kitten. But the only way you are going to get me to enter you is if you keep worshiping my tentacle while I finish this note. Remember not to stop sucking but don't make me cum.

[typing starts again] That's it sweetpea. Keep sucking, keep swallowing while my tentacle plays with you. It feels good right? You love being a useful little pet, don't you? Yes you do. Such an obedient kitten for your owner. I think after this we should look for a cute ear and tail combo for you. Now that it is in my head, I can't stop thinking about it. Such a good little kitty. Taking my tentacle in your mouth so well. Mmmm, that's it. Making me feel good but not enough to distract me from work. That's why you get to feel my other tentacle, massaging you, teasing you, and playing with you. Because you are being so helpful to me. Useful tentacle warmers get rewards. They deserve to feel good. Mmmm do that again. Run your tongue along the underside of my tendril. Yeah, that's it. Such a talented tongue. My well trained little kitty. Showing me just how valuable you really are.

[contented sigh] You really are wonderful to keep right under my desk. Maybe I should get you a pet bed, put it right under my desk, and have you come into my office anytime I work. While I type away, answer phone calls, do meetings, etc you can help me out by keeping my tentacle warm. That would be a proper job for you, sweetpea. My adorable tentacle warmer couldn't handle much more. I wouldn't want them too. So good and obedient for me, this is where you belong. Between my legs, a tentacle in your mouth that you are sucking, while another one of my tentacles plays between your legs. Teasing you closer to orgasm. I'm going to touch you faster, and I'm giving you permission to cum. You can cum, but remember, even if you do, I'm still going to fuck you once I'm down with this note. I don't care if you are over sensitive once this note is done, which it almost is, the tentacle that is already down there is going to slide into that eager hole of yours and fuck you while you choke on the tendril in your mouth.

Don't get distracted but how good it feels to have my tentacles on you, in you. **[chuckle]** Keep swallowing around the tentacle in your mouth. That is your first priority. Pleasing me. If you cum from my touch that I am so graciously giving you then that is a side effect. It's not the purpose though. I know sweetpea, I know, but you can handle this, can't you? You've been able to take everything I've given you so far. Don't you remember how good it felt to take my tentacle deeper? Despite you choking on it, after relaxing it felt amazing, didn't it? So going faster, stimulating you further, it is going to feel amazing whether you cum or not. It doesn't matter to me as long as you keep being my little helper. My good, sweet, kitten. Yeah, that's it. Swallow around it again. Good, good. You feel so fucking good, sweetpea. If your mouth feels this amazing, I can't even begin to imagine how good your tight little hole is going to feel wrapped around my other tentacle. Putting it inside you now would be too distracting. I wouldn't be able to finish my work. What we are doing right now, it's the perfect amount of distraction.

[typing stops and mouse clicking begins] Almost done, kitten. Just need to send this off, and double check a few more things. That you'll have my undivided attention. Your reward for being so useful today. For helping your owner out so much. You have impressed me with your skills very much, kitten. So eager for my touch. Whether it's my hands or my tentacles it doesn't matter to you, does it, kitten? **[chuckle]** Feel so fucking good on my tentacle, my pet. The way your hips are moving in sync with my tentacles. That's it. So fucking good for me. My obedient little kitty. Yeah, keep it up. Swallowing and grinding. Ngh, right there. Swallow again. Yes, fuck, you are going to make me cum if you keep it up with that mouth of yours. I know you are eager sweetpea, but you need to slow down for me. Mmmm much better. Thank you my little helper. Always so good for your owner, my kitten. **[mouse stops and chair squeak]** I'm all done. You ready to have both your holes filled?

[PATREON]

...I don't think I quite hurt you around my tentacle. Keep my tentacle in there but try to use your words. Are you ready to have two holes filled?....Awwww you sound so dumb. It's adorable. Alright sweetpea, the tentacle that is between your thighs is going to move a little and penetrate you. The rest of it is still going to play with you. Such a long, thick tentacle, it's not like I'm going to have trouble playing with your most sensitive part and fucking you with the same tendril. It feels good going in, doesn't it? Yeah. Fuck, the way you just enveloped me. It's like your hole can't get enough of it. Seems that your mouth isn't the only hole that is a tentacle warmer. **[chuckle]**

I'm going to start moving now. Be good and take it for me. Take two of my tentacles. Mmmm, that's it. Such a good bet. On your knees, looking up at me from under the desk. A tendril of mine fucking your mouth, another fucking your hole. Filled up from both ends. You can use your hands to steady yourself if you need. I'm not going to stop or be gentle with you. I know what you can handle, kitten. I'm going to give you exactly what you want. To be fucked from both sides. I bet you even want me to cum inside you, don't you? Cum filling your tummy, cum filling your hole, you'll burst with it, won't you? That's how you should always be, isn't it my pet? Filled with cum on both sides. A tentacle in at least one of your holes. That's when you are happiest. When you are being useful to your owner. That's it. My good, obedient, little kitten.

I have the tentacles on opposite thrusts. One thrusts into you while the other leaves and then vice versa. There is always a tentacle entering you. Filling up one of your needy holes. I know that's what a horny little pet like you needs. To be fucked dumb. It's not like a kitten needs to think. So adorable, the way you are taking my tentacles. So cute the way both of your holes swallow my tendrils. You feel so full, don't you? That's my pet. Keep taking what I give you. Doing so well for me. Making your owner so proud. Swallow around the one in your mouth. Mmmmm yes, that's it. Feel so amazing. Such a good little helper for your owner. Making me feel so fucking good. You were such a good little tentacle warmer earlier and now you are an even better fuck pet. Fuck, I am so lucky to have you. I'm the luckiest owner in the world, aren't I?

Ah fuck, right there. Keep it up. So fucking good. I can't get over how fucking perfect you are my kitten. Taking my tentacles so deep. You feel even better than good, you feel exceptional. Move your hips like that sweetpea, let my tentacle stroke between your thighs while it fucks into your hole. Keep moving your tongue and swallowing around the one in your mouth. I know kitty, I know. It's a lot for you to handle. You are going to get overstimulated but that's okay. Being overstimulated just means that I am having too much fun using your perfect body. It's okay to cry. If you need to let those big tears fall from your gorgeous eyes, that's fine. Always so cute when you cry with a tentacle fucking your swollen mouth. The more pathetic you look, the hornier I get. So fucking perfect, so fucking sexy in your submission to me. Such a good fuck pet for me. Taking both of my tentacles so well. Yes, fuck. You should see yourself. In fact why don't I take a picture of you and show you.

[moans, camera click] See? Look at yourself. Gagging yourself on my tentacle while you squirm on my tentacle. You look so fucking debauched it's so hot. I'm making that my wallpaper, sweetpea. That way, everytime I unlock my phone, I get to see my pet in their natural state. Being used by me and loving every second of it. **[chuckle]** There we go. All done. I think this is my favorite wallpaper I've ever had. Whenever I unlock my phone I get to see your stunning face choking on my tentacle. Fuck, do that again kitty. Yes, fuck. That's fucking it. The way you feel is unreal. You are too good to be true. Fucking hell. With how you are looking with me, you would let me completely destroy you with a smile on your face and a please on your lips. Fuck, kitten. I need to start stroking you faster, don't I? Want you to get closer. Want to feel you cum around my tentacle while I'm still fucking you from both ends. Want to feel you milk my tentacle for all it's worth.

Fuck, that's it. Right fucking there. Take my tentacle, just like that kitten. You feel so fucking good. Do you feel how good you are making me feel? My tentacle is getting thicker and thicker inside you. The thicker it gets, the more you are going to be filled. I know that's what you really want. You want to feel me cumming inside and you down your throat. Stuffing and filling you from both ends. I can tell how much that excites you from how your body reacts when I say it. I'm inside you and stroking you. I can feel it all. There is no hiding how you feel from me. How much you are enjoying being used. Such a good little helper for your owner. Such a useful little kitten. So good at taking my tentacles. Fucking love seeing that collar around your neck while I fuck you. Reminds me that you are owned by me. That I'm the lucky owner that gets to call such a perfect pet mine. These are my holes to fuck, this is my body to use, the best fuck pet I could ever want. I don't even think I could imagine one better than you. You are perfect and feel sublime, sweetpea.

The best stress relief during a busy work day. Taking my lunch break to fuck my adorable kitten. Use their holes as they should. A busy pet is a happy pet, right? A pet that is stuffed from both ends, spitroasted on my tentacles, is the happiest that my pet can be, isn't it? Yeah, it is. Words can't describe how cute you look, all over stimulated and fucked out. Just how I like my pet to be. Fucked out, tired, and still taking whatever I give them even if it is too much. I know you can handle it. You are making me so proud sweetpea. Just a little more and then I'll give you your reward. I'll fill you up. Cum in your hole and fill your stomach. Give my kitten their milk you could say. **[chuckle]** Fuck. Words can't describe how fucking good you are making me feel right now. Doing such a good fucking job for your owner.

That's it my little helper. Keep taking it. Swallow around my tentacle. I'm so fucking close. Going to cum inside you. Fill you up. Make sure that you are dripping with my cum like a used little pet should be. All tired, fucked out, cum dripping out of you while you sit beneath my desk. **[improv to orgasm]**

Fuck, sweetpea. You did amazing. I'm so proud of you. Look how much you made me cum. The best little helper I could ever ask for. **[chuckle]** Oh shit. Should've looked at the time. This was much longer than 15 minutes. Oh well, if I'm a little late who cares, you are always worth it. I want you stay underneath my desk and get some rest while I work. Can you do that for me?...Oh that's a good kitten. If you want me to get you anything just ask for it. I'll be right here, working. **[typing starts up and fades out]**
