

**I feel like we are losing our American Values. What can I do?**

- 1.) Pray – ethical policies stem from an ethical society which is only possible through Jesus Christ.
- 2.) Connect/network with like-minded people/groups and support each other
- 3.) Ways to Get Involved – this is an incomplete list but is a good start.
  - a. Attend/participate in school board, city hall and township boards and meetings.
  - b. Engage in polite conversations with neighbors, local or county officials all the way up to national legislators. - Write or call your legislators regarding your concerns and thank those who are working hard to protect your Liberty (find out who represents you at [https://ballotpedia.org/Who\\_represents\\_me](https://ballotpedia.org/Who_represents_me))
  - c. Become an election Judge
  - d. Run for office or participate on a committee
  - e. Help find constitutional Judges to run in the Judicial elections.
  - f. Write letters to the editor of your local newspaper – you can express concerns or share encouraging stories regarding positive American Values. In times of division people need encouragement and hope.
- 4.) Take Action. Now that you have ways to be involved; Commit to acting on at least one item a week. And as you get used to that one item add one more.
