

INTENT TO ENROLL IN

The International Baccalaureate® Middle Years Programme

Agreement of Understanding

As a **student** of the International Baccalaureate Middle Years Programme of Millard North High School, I **understand** and **agree to adhere** to the following program components listed below.

- I agree to participate in all parts of the International Baccalaureate Middle Years Programme.
- I agree to participate in all IB-MYP activities, both inside and outside of the classroom.
- I agree to participate in IB-MYP meetings freshman year.
- I agree to complete at least four service as action activities both freshman and sophomore year.
- I agree to complete the Personal Project during sophomore year.

Personal Project Introductory Questionnaire – MUST BE COMPLETED AS PART OF THIS APPLICATION

The Personal Project requires you to take charge of your learning by research and/or investigation, which will lead to the creation of a project of your choice. The following questionnaire is designed to help you work out what areas you might be interested in pursuing. Please answer each of the first six questions and then provide a possible topic idea at the bottom of the page.

1. What do you enjoy doing in your spare time?

2. Describe a typical weekday or weekend.

3. List two personal strengths.

For more information about the IB-MYP at Millard North High School, please see our website: <https://sites.google.com/mpsomaha.org/mnhs-ib-myp/home>

4. What are two of your favorite classes? What do you enjoy about them?

5. What are one or two of your least favorite classes? What do you find difficult about them?

6. When it comes to writing, what types of writing do you most enjoy and why? What types of assignments do you least enjoy and why?

Think about your school and the wider community. Is there any aspect of your community (or even your country or a specific part of the world) that you really have a passion about or that makes you question how things are done? Is there anything specific in your life that has made a great impact on you? Could you do anything to share, change, or learn more about it? Is there some way of linking this to a project for which you could do some investigation and then take action?

Please provide at least one possible idea for the Personal Project. What *might* be your goal for this project? **This is just to get you to start thinking about your project, it does not have to be your project during your sophomore year.**
